CHAIRMAN'S STATEMENT

DR CHEN MUN
Chairman and Chief Executive Officer ("CEO")

Based on 35,083,156 shares outstanding (excluding treasury shares), total dividends for FY2026 amounted to approximately S\$5.3 million, compared with S\$3.5 million in FY2025.

Dear Shareholders, Partners, Customers and Employees

FY2026 was a challenging year for the Group, marked by disruption from tariffs and regional conflicts. The rapid rise of AI redirected talent and key materials, including memory chipsets, to meet growing demand, which affected our customers' orders. Adoption of Wi-Fi 7 in our customers' products has also been slower than expected, with many continuing to rely on the Wi-Fi 5 standard. We understand that adoption has been further constrained by global memory shortages. The resulting price premiums on DDR and Flash memory have forced some customers to freeze hardware migration plans and maximise the lifecycle of their existing legacy designs rather than investing in a Wi-Fi 7 hardware refresh. To address these challenges, we have put in place a 36-month roadmap.

BUSINESS STRATEGY FOR WIRELESS CONNECTIVITY IN THE COMING 36 MONTHS

Wi-Fi 7 & Early Wi-Fi 8 Adoption:

Key Initiatives:

Deliver validated Wi-Fi 7 modules in APs, SD-WAN and industrial gateways;

Begin sampling Wi-Fi 8 modules in the next quarter to select customers; and

Capture early orders in enterprise, AI edge and industrial applications before competitors scale.

High-Performance Product Differentiation:

Key Initiatives:

Thermal-optimized, multi-band MLO modules; and

Secure design wins in mission-critical applications such as mining, transportation, aerospace appliances.

CHAIRMAN'S STATEMENT

Target market and AI expansion:

Summary of revenue by industries in the last 5 years:

Many of our products are key operating components (influencing performance and features) for the finished products. Based on our observations, our customers' finished products are applied to the following broad areas/industries:

Enterprise Networking and SD-WAN OEMs (high-performance access points, cloud-managed WAN, low-latency enterprise connectivity) – 25%;

Mining and Heavy Industry Solution Providers (remote monitoring, site-wide industrial connectivity) – 15%;

Transportation and Mobility Integrators (rail wi-fi, onboard gateways) – 35%; and

Cybersecurity and Specialized Embedded Systems (secure gateways, firewall appliances, AI driven network security devices, custom embedded platforms) – 25%.

Focus:

High-value, mission-critical markets like Transportation, Cybersecurity and heavy Industrial where Compex already has a presence;

AI-specific:

Applications requiring low-latency, high-throughput connectivity (real-time analytics, industrial AI, edge AI); and

Expansion Goal:

Broaden the customer base within these verticals, securing additional design wins and deeper market penetration.

Research and Development and Next-Gen technology pipeline:

Key Initiatives:

Continuous development of Wi-Fi 7 → Wi-Fi 8 modules and advanced firmware;

AI Platform Integration: Designing modules to seamlessly integrate with AI platforms for edge inference, industrial AI and real-time analytics; and

Optimizing firmware, multi-link scheduling and low-latency features to support AI workloads reliably over wireless.

OPERATING PERFORMANCE AND FINANCIAL POSITION

The wireless connectivity business, however, remains the Group's core business.

Nevertheless, for FY2026, our revenue includes contributions from both the wireless connectivity business and property development. Previously, revenue from property development was recognised under "other items of income". This reclassification was required under SFRS(I) 15.

Key markets:

The Group's revenue remains diversified across North America, Europe and Asia. In FY2026, North America and Europe together accounted for 56% of revenue, down from 66% in FY2025. North America contributed 16%, compared with 19% in FY2025, while Europe contributed 40%, compared with 47%. Asia's share increased to 44% from 34%, mainly due to shipments to contract manufacturers whose finished products were ultimately delivered to North America and Europe.

Against this backdrop, multinational corporations operating across multiple markets are expected to continue reviewing their cost structures, including ways to minimise tax exposure and optimise returns.

Profitability:

Gross profit for FY2026 was \$16.8 million, of which \$10.8 million (64.2%) came from property development and \$6.0 million (35.8%) from the wireless connectivity business.

The redevelopment comprises 43 units with a total area of 79,021 sq ft. As at the end of FY2026, 16 units with a combined area of 28,245 sq ft has been sold. Revenue and costs are recognised using the percentage-of-completion method, and the redevelopment was 30% completed as at the end of FY2026.

Foreign Exchange:

The Group's reporting currency is the Singapore dollar. Most sales are denominated in USD, and a significant portion of direct operating costs is incurred in USD and RMB, including component purchases in USD and manufacturing costs in RMB, with a smaller portion in RM. Indirect costs are mainly in SGD.

Because both revenue and direct operating costs are largely denominated in USD, the Group benefits from a natural hedge. However, it remains exposed to costs denominated in SGD, RMB and RM, as well as to translation risk when these currencies are converted into SGD. The Group recorded foreign exchange losses of \$0.7 million in FY2026 and \$69,000 in FY2025, mainly due to the strengthening of the USD against the SGD. Although most of these losses were unrealised, they still affected profitability.

CHAIRMAN'S STATEMENT

Cash flows and working capital:

Both the wireless connectivity business and the property development segment generated positive cash flows in FY2026. Although profit increased to \$12.3 million in FY2026 from \$3.2 million in FY2025, net cash generated from operating activities fell to \$1.9 million from \$7.1 million. This was mainly due to higher balances in development property (\$3.9 million), trade and other receivables (\$3.4 million), and contract liabilities (\$5.2 million), partly offset by a \$2.3 million increase in trade and other payables.

Working capital remained positive at \$77.2 million in FY2026 and \$68.9 million in FY2025. In both years, current assets consisted largely of cash and bank balances, amounting to \$61.3 million in FY2026 and \$63.5 million in FY2025. These balances funded both the entire construction of the development property and dividend payments, including the interim and proposed final dividends.

Shareholders' fund:

As at the end of FY2026, shareholders' funds stood at \$82.1 million, up from \$74.6 million at the end of FY2025. The increase was driven by FY2026 profits, partly offset by dividends of \$5.3 million paid during the year, comprising a special interim dividend of \$3.5 million and the FY2025 final dividend of \$1.75 million.

Current assets:

Inventories - Inventories were reduced to \$0.6 million in FY2026 from \$1.4 million at the end of FY2025, reflecting lower revenue and continued efforts to minimise obsolescence. No inventory impairment was required in either FY2026 or FY2025.

Trade and other receivables - Trade and other receivables increased to \$4.7 million in FY2026 from \$1.4 million in FY2025, mainly due to the property development segment. All amounts were realised after the balance sheet date.

Current liabilities:

Both contract liabilities and trade and other payables were related to the property development segment. Contract liabilities fell to \$1.4 million as at the end of FY2026 from \$6.6 million in FY2025, a decrease of \$5.2 million, as revenue from unit sales was progressively recognised in line with construction progress. As at the end of FY2026, the development was 30% completed.

PROPERTY DEVELOPMENT

The Group expects construction to be completed and the Temporary Occupation Licence to be obtained within FY2027. On this basis, the remaining value of the 16 units sold, amounting to \$31.4 million, is expected to be recognised as revenue in FY2027.

Unsold units will be carried on the balance sheet at cost and adjusted for any gains or losses arising from market movements. Any such gains or losses will be recognised in the income statement.

DIVIDENDS

The Board has proposed, for shareholders' approval at the forthcoming annual general meeting, a final dividend of 19 cents per ordinary share, excluding treasury shares. In addition, a special interim one-tier tax exempt dividend of 10 cents per ordinary share was paid on 26 November 2025.

This comprises a final one-tier tax exempt dividend for FY2026 of 4 cents per ordinary share and special one-tier tax exempt dividends of 15 cents per ordinary share, made up of 10 cents arising from the property development and 5 cents from prior years' earnings.

Based on 35,083,156 shares outstanding (excluding treasury shares), total dividends for FY2026 amounted to approximately S\$5.3 million, compared with S\$3.5 million in FY2025.

APPRECIATION

I would like to thank all our directors for their valuable contributions. I am also pleased to welcome Eric Teo Thiam Chye to the Board. His experience and strategic insight will further strengthen our leadership as we navigate the opportunities and challenges ahead.

I would also like to bid farewell to Professor Cham Tao Soon, who retired on 31 December 2025. The Board and Management extend their sincere appreciation for his distinguished service and valuable contributions during his tenure as a Director of the Company.

Before I conclude, I would like to thank our shareholders for their continued trust and support, our employees for their dedication and hard work, and our customers, partners and stakeholders for their invaluable contributions to our continued success.

WIRELESS CONNECTIVITY SOLUTIONS BY THE GROUP

ADVANCING WIRELESS, EMPOWERING CONNECTIVITY

Founded in Singapore on 1 February 1989, Powermatic Data Systems Ltd is a reputable investment holding company listed on the Singapore Exchange since 1992. The Group oversees seven wholly owned subsidiaries, with its core business focused on the design, manufacturing and sale of wireless connectivity products and solutions.

WIRELESS CONNECTIVITY PRODUCTS & SERVICES

We deliver end-to-end wireless connectivity solutions, ranging from wireless modules and embedded boards to antennas, enabling customers to accelerate the deployment of Qualcomm-based wireless designs.

Beyond its extensive product portfolio, we provide customized OEM and ODM services, integrating hardware design, software development, RF tuning, thermal management and wireless optimization capabilities. Our strong RF expertise remains a key strength, enabling us to deliver high-performance and reliable wireless solutions tailored for demanding deployment environments.

With a flexible manufacturing and engagement model supporting both Low-Mix High-Volume (LMHV) and High-Mix Low-Volume (HMLV) production, we serve customers across a broad range of industries, including Enterprise Networking, Transportation, Robotics, Industrial Automation and Cybersecurity.

Our subsidiary, Compex Systems Pte. Ltd. has a longstanding strategic partnership with Qualcomm and has been recognized as a Qualcomm Authorized Design Center (ADC) since 2014.

This designation enables us to leverage advanced RF, hardware and software expertise to support global customers with industry-leading wireless connectivity solutions.

MANUFACTURING OPERATIONS

We have expanded our operations in Malaysia with a new office in Kuala Lumpur, alongside fully owned manufacturing facilities in Johor and Suzhou, China. These strategically located facilities provide access to skilled engineering talent and diversified supply chain networks, enabling us to accelerate time-to-market, maintain cost competitiveness and deliver high-quality OEM and ODM wireless solutions.

Supported by strong manufacturing capabilities and deep engineering expertise, the Group continues to strengthen its position as a trusted and competitive partner in the global wireless connectivity industry.

OUR MILESTONE

WIRELESS CONNECTIVITY SOLUTIONS BY THE GROUP

OUR BUSINESS

We use Qualcomm Reference Design when designing wireless devices and components for reliability and quality.

We provide total wireless solutions, from wireless modules to embedded boards, to customers who desire fast-to-market solutions.

Our manufacturing facilities are allowing for easy access to engineering resource and components.

We also provide leading Original Design Manufacturing (ODM) for a wide range of wireless networking products.

CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report												
	The Board of Directors (the “Board”) of Powermatic Data Systems Limited (the “Company”) is committed to setting and maintaining high standards of corporate governance within the Company and its subsidiaries (the “Group”). This report describes the Group’s corporate governance framework and practices of the Company with specific reference to the principles and provisions of the Code of Corporate Governance 2018 (the “Code”). Where the Company’s practices vary from any provisions of the Code, the Company has provided appropriate explanations for the departures and measures that the Company has taken or intends to take for the departed practices. The Board will continue to take measures to improve compliance with the principles and provisions of the Code in the ensuing years.												
THE BOARD’S CONDUCT OF AFFAIRS	Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.												
Provision 1.1 of the Code: Directors are fiduciaries who act objectively in the best interests of the company	As at 31 March 2026, the Board comprises six (6) Directors as follows: <table> <tr> <td>Dr Chen Mun*</td><td><i>Board Chairman and Chief Executive Officer</i></td></tr> <tr> <td>Ms Ang Bee Yan, Katherine</td><td><i>Executive Director</i></td></tr> <tr> <td>Mr Tan Chao Hsiung, David</td><td><i>Non-Executive Non-Independent Director</i></td></tr> <tr> <td>Mr Tang Wai Loong Kenneth</td><td><i>Lead Independent Director</i></td></tr> <tr> <td>Mr Teo Eng Hock</td><td><i>Independent Director</i></td></tr> <tr> <td>Mr Teo Thiam Chye Eric[#]</td><td><i>Independent Director</i></td></tr> </table> * Re-appointed as Chief Executive Officer on 11 November 2025 # Appointed as Independent Director on 11 November 2025 The Directors have the appropriate core competencies and diversity of experience to enable them, in their collective wisdom, contribute effectively to the Company. All Directors are expected, in the course of carrying out their duties, to act in good faith, provide insights and discharge their duties and responsibilities in the interests of the Group. Where conflict of interest arises, the concerned Directors recuse themselves from discussions and decisions involving the matter and abstain from voting on the matter. The Board has established the Terms of Reference of the Board to promote high standards of corporate governance. The Terms of Reference of the Board outline high level duties and responsibilities of the Board and matters that are specifically reserved for the Board. It is a comprehensive reference document for Directors on matters relating to the Board and its processes, as well as role and responsibilities of the Board, its committees and management to ensure effective communication and decisions. The Board’s role is to: - Oversee the management of the Group; - Set strategic objectives and ensure that the necessary financial, strategies and human resources are in place for the Group to meet its objectives; - Delegate the formulation of business policies and the day-to-day management of the Group to the Executive Director and Chief Executive Officer and management to ensure operations and performance of the Group are aligned with the strategies; and - Consider sustainability issues, e.g. environmental and social factors as part of its strategic formulation. The Board ensures the decisions made are objectively in the interest of the Company. The Board provides shareholders with a balanced and clear assessment of the Group’s performance, financial position and prospects on half-yearly basis. While the Board remains responsible for providing oversight in the preparation and presentation of the financial statements, it has delegated to the management the task of ensuring that the financial statements are drawn up and presented in compliance with the relevant provisions of the Singapore Companies Act 1967 (“the Act”) and the Singapore Financial Reporting Standards (International) (“SFRS(I”). CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report
Provision 1.2 of the Code: Directors' duties, induction, training and development	To enable the Directors to understand the Company's business as well as their Directorship duties and roles, the Directors receive regular updates on relevant new laws and regulations from the Company's relevant advisors. Newly appointed Directors will be briefed on the business and organisation structure of the Group and its strategic plans and objectives. The orientation for new Directors includes visits to the Group's key premises to familiarise themselves with the Company's operations. Such visits also allow new Directors to get acquainted with senior management, thereby facilitating interaction with the Board and independent access to senior management. Appropriate training shall be arranged upon request by newly appointed Directors to ensure that newly appointed Directors are fully aware of their responsibilities and obligations as Directors. Rule 210(5)(a) of the Listing Manual ("Listing Manual") of the Singapore Exchange Securities Trading Limited ("SGX-ST") requires a Director who has no prior experience as a Director of a company listed on the SGX-ST, to attend the training programmes conducted by the Singapore Institute of Directors ("SID") as prescribed in Practice Note 2.3 of the Listing Manual of the SGX-ST. Newly appointed Directors will receive a formal letter of appointment setting out his/her duties and responsibilities. Mr Teo Thiam Chye Eric was appointed as independent director on 11 November 2025. Mr Teo Thiam Chye Eric has been briefed on the business and organisation structure of the Group and its strategic plans and objectives with orientation which includes visits to the Group's key premises to familiarise himself with the Company's operations. Mr Teo Thiam Chye Eric will be attending training on the roles and responsibilities of a director of a listed issuer as prescribed by the Exchange in 2026 and has received formal letter of appointment setting out his duties and responsibilities. Professor Cham Tao Soon has retired as a Director of the Company, Lead Independent Director, Chairman of the Audit and Risk Management Committee and Remuneration Committee and a member of the Nominating Committee on 1 December 2025. Mr Teo Thiam Chye Eric was appointed as Chairman of the Audit and Risk Management Committee and a member of the Nominating Committee and RC on 1 December 2025. Mr Tang Wai Loong Kenneth was appointed as Lead Independent Director on 1 December 2025 and remain as Chairman of the Nominating Committee and a member of the Audit and Risk Management Committee and Remuneration Committee. Mr Teo Eng Hock was appointed as Chairman of the Remuneration Committee and a member of the Audit and Risk Management Committee and Nominating Committee. The Directors have attended appropriate training on governance practices, enterprise risk management and relevant statutory and regulatory compliance issues. The Company encourages all Directors to receive regular training, particularly on new laws, regulations and commercial risk from time to time. The Directors keep themselves abreast with the changes and developments.

CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report
Provision 1.2 of the Code: Directors' duties, induction, training and development (cont'd)	The Group keeps the Directors informed via electronic mail and briefing conducted during Board meetings on new laws, changes to the laws, regulatory compliance issues and financial reporting standards, changes to the financial reporting standards are monitored closely by the management. Furthermore, the Company Secretary and outsourced secretarial agent highlight any changes to laws and regulatory requirements that may affect the Group from time to time. The External Auditor on the other hand briefs the Board on changes to the SFRS(I) that affect the Group's financial statements during the period. The Board also receives regular briefings and updates on the business and strategic developments pertaining to the Group's businesses. When necessary or appropriate, the Board convenes informal meetings for the exchange of views while the Independent Directors conduct discussions amongst themselves from time to time without the presence of the management.
Provision 1.3 of the Code: Matters requiring Board's approval	The Company has adopted internal guidelines which set forth matters that are reserved for the Board's decision. Matters which are specifically reserved for the Board's decision include: (a) the appointment of Directors to the Board and senior management staff; (b) major investments decisions of the Group, including new investments and any increase in existing investments in businesses and the subsidiaries of the Group; (c) any divestments to be undertaken by any of the Group's subsidiaries; (d) major funding decisions, including share issuances; (e) interim and final dividends and other returns to shareholders; (f) commitments to borrowing facilities from banks and financial institutions by the Company; (g) interested person transactions; (h) acquisitions and disposal of assets exceeding the limits set by the Board; and (i) expenditures exceeding the limits set by the Board. The Group also has internal guidelines which set out, among others, the authorisation limits granted to the management for approval of capital and operating expenditures.
Provision 1.4 of the Code: Board committees	Board Committees, namely Audit and Risk Management Committee ("ARMC"), Nominating Committee ("NC") and Remuneration Committee ("RC") have been constituted to assist the Board in the discharge of specific responsibilities (the "Board Committees"). The Board Committees review or make recommendations to the Board on matters within their specific terms of reference. Board meetings are conducted on half-yearly basis and ad-hoc meetings are held whenever the Board's guidance or approval is required. Dates of Board, Board Committee and annual general meetings are scheduled in advance in consultation with the Directors to assist them in planning their attendance. Pursuant to the Company's Constitution, a director who is unable to attend a Board meeting in person can still participate in the meeting via telephone conference, video conference or other similar communication. Technology is effectively used in the Board and Board Committees' meetings and in communication with the Board, where the Directors may receive agenda and meeting materials online such as email and participate in meetings via audio or video conferencing. Senior management is invited to attend the Board Committees and Board meetings to provide additional insights into matters to be discussed. Senior management also provides the Group's businesses, business strategies and performance at these meetings. These allow the Board to have a good understanding of the Group's operations and actively engage in robust discussions with the Group's senior executives. Directors may request for further explanation, briefings or discussions on any aspect of the Group's operations or business from Management. As and when required, Board members meet to exchange views outside the formal environment of Board meetings.

Important matters concerning the Group can also be put to the Board and Board Committees for decision by way of written resolutions.																																																						
Provision 1.6 of the Code: Complete, adequate and timely information prior to make informed decisions	The management recognises that the flow of complete, adequate and timely information on an on-going basis to the Board is essential to the Board’s effective and efficient discharge of its duties. The management has provided the Board in advance with half-yearly management accounts, annual budget and relevant background information and materials relating to the matters that were discussed at Board meetings. This enables the discussion during the meetings to focus on questions that Directors may have. Any additional materials or information requested by the Directors is promptly furnished. During the Board meetings, management staff who are able to explain and provide insights to the matters to be discussed are invited to make the appropriate presentations and answer any queries from the Directors.																																																					
Provision 1.7 of the Code: Separate and Independent access to management, company secretary and external advisers; Appointment and removal of the company secretary	The Directors have separate and independent access to the Management, the company secretary, and external advisers. The Board takes independent professional advice as and when necessary, concerning any aspect of the Group’s operations or undertakings in order to discharge its responsibilities effectively. Any cost of obtaining professional advice will be borne by the Company. The role of the Company Secretary is clearly defined and includes responsibility for ensuring that board procedures are followed and that applicable rules and regulations are complied with. The responsibilities of the Company Secretary include: (a) administers, attends and prepares minutes of all Board and Board Committees meetings; (b) assists the Board in ensuring that the Company complies with the relevant requirements of the Act and Listing Rules; (c) advises the Board on all corporate governance matters; (d) assists the Independent Non-Executive Chairman in ensuring good information flows within the Board, Board Committees and between the management and the independent Directors; and (e) communication channel between the Company and SGX-ST. The Company Secretary attends all Board and Board Committees meetings and is responsible to ensure that Board procedures are followed. The appointment or removal of the Company Secretary is subject to the approval of the Board as a whole.

BOARD COMPOSITION AND GUIDANCE	Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.
Provision 2.1 of the Code: Director Independence Provision 2.2 of the Code: Independent Directors make up a majority of the Board Provision 2.3 of the Code: Non-executive Directors make up a majority of the Board	Provision 2.2 and 2.3 of the Code provide that the independent directors are to make up majority of the Board when the Chairman is not independent and the non-executive independent directors are to make up a majority respectively. Although current composition of the Board deviates from these provisions, the Board is of the view that there is an appropriate level of independence and diversity of thought and background in its composition to enable the Board to make decisions in the best interests of the Company. Furthermore, the decision-making process is based on collective deliberation, ensuring that no individual or groups of individuals can dominate the decision-making process. In particular, the independent directors chairing the ARMC, RC and NC have sufficient standing and authority to weigh in on any significant matter if the Chairman or CEO fails to resolve the matter. Besides this, the lead independent director, who will provide leadership and serves as an additional point of contact in situations where the executive directors and management may be conflicted. The NC considered the dynamics within the Board and the following matters in deliberating independence and diversity, and the observations of Principle 2 of the Code. Currently, the Board consists of six Directors of whom one is non-executive & non-independent and three are independent. The Company has half the Board with independent Directors as the Chairman is an Executive Non-Independent Director. Each Independent Director was required to complete a confirmation of independence, drawn up according to the guidelines stated in the Code of Corporate Governance, to confirm his independence. The Independent Directors shall disclose to the Board any relationships or circumstances which are likely to affect, or could appear to affect, his judgement. The independence of each Director is reviewed annually by NC. Based on the annual review of the independence of the Independent Directors according to the guidelines stated in the Code, the NC ascertained that all Independent Directors are independent. On 11 January 2023, pursuant to Rule 210(5)(d)(iv) came into effect, the Singapore Exchange Regulation now limit to nine years tenure of independent director serving on the boards of listed issuers. As at the date of this Report, none of the Independent Directors, from the date of their first appointments to the end of FY2026, have reached the 9-year limit.

Provision 2.4 of the Code: Composition and size of the Board and Board Committees, Board diversity policy	The Company has in place the Board Diversity Policy with a view to achieving a sustainable and balanced development as the Company sees diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and its sustainable development. In designing the Board's composition and selection of new Board members, the Board strives to ensure that: a) All candidates are included for consideration during the search for new appointments to the Board regardless of gender, age, nationalities or ethnicity; b) There is appropriate mix of gender representation on the Board, taking into account the skills and experience the candidates can contribute; and c) External search consultants when looking for suitable candidates for appointment to the Board will be specifically directed to include diverse candidates and women candidates in particular. The Board has examined its size and is of the view that it is an appropriate size for efficient and effective decision-making, taking into account the scope and nature of the operations of the Company. The Board currently comprises one female Director, namely, Ms Ang Bee Yan, Katherine. The NC is of the view that no individual or small group of individuals dominate the Board's decision-making process. The Company has a good balance of Directors with a wide range of skills, experience and qualities in the fields of operations, management, financial, legal and accounting. Each Director has been appointed on the strength of his or her calibre, experience, grasp of corporate strategy and potential to contribute to the Company and its businesses. Each Director brings valuable insights from different perspectives, such as strategic planning, management, finance, accounting and legal, vital to the strategic interests of the Company. Profiles of the Directors are found in the "Board of Directors" section of the Annual Report. The Board considers that the current composition of the Board encompasses an appropriate balance and diversity of skills, experience, gender, knowledge and competencies to provide the management with a diverse and objective perspective on issues so as to lead and govern the Company effectively. In recognition of the importance and value of gender diversity in the composition of the Board, the Company undertakes to have at least one representation of female director on the Board. The Board has one female director currently. Ms Katherine Ang has been member of the Board since July 2011.

Provision 2.4 of the Code: Composition and size of the Board and Board Committees, Board diversity policy (cont'd)	In addition, the Board consists of directors with ages ranging from 50's to 80's, who have served on the Board for different tenures. The Board members with their combined business, management and professional experience, knowledge and expertise, provide the core competencies to allow for diverse and objective perspectives on the Group's business and direction.		
	The NC and the Board will continue to review the Board Diversity Policy, as appropriate, to ensure its effectiveness, and will recommend appropriate revisions to the Board for consideration and approval. It will also continue its identification and evaluation of suitable candidates to ensure there is diversity (including gender diversity) on the Board.

	* Base on 3 independent directors in FY2026 The Company strives to achieve the following Board Diversity Targets:		
Targets		Progress	
(1) The majority of the Board members are to be independent.		As at 31 March 2026, the Board of Directors comprises of 6 members in FY2026 of which three of them are Non-Executive Independent Directors.	
(2) To bring more female representation on the Board by 2030.		As at 31 March 2026, the Company has 17% female representation on its Board. The NC and the Board will continue to assess to have more representation of female director on the Board.	
(3) Maintain age diversity with Directors' age ranging from below 70s with majority of the Directors in the 70 to 80 range.		As at 31 March 2026, the Company has 67% on the Board age below 70s. The Board has continued to maintain this Target.	
(4) Achieving a balance of skill set on the Board to achieve the Company's strategic objectives.		The broad categories in the skill matrix are (i) industry knowledge (ii) management expertise and (iii) professional skills (eg. finance/accounting, risk management, legal and corporate finance/mergers and acquisitions etc). The NC and the Board had reviewed the skill matrix and are satisfied that the current Board members have the appropriate skill set to lead and govern the Group effectively.

Provision 2.4 of the Code: Composition and size of the Board and Board Committees, Board diversity policy (cont'd)	The NC ensures that the size of the Board is conducive to effective discussion and decision-making, and that the Board has an appropriate number of Independent Directors to provide diversity in expertise, knowledge and experience as well as age and gender. Members of the Board include seasoned professionals in engineering, finance and business management. The Board believes that its members' different backgrounds, skill sets, experience, age and gender provide a diversity of perspectives which contribute to the quality of its decision-making. The NC is of the view that the current Board comprises persons who collectively possess the necessary core competencies, and as a group, provide an appropriate level of independence and diversity of skills, experience and knowledge of the Company, and that the current Board size is appropriate, taking into consideration the nature and scope of the Group's operations. The NC will also continue to assess independence, bearing in mind Principle 2 of the Code and Provisions 2.2 and 2.3 of the Code, in any change in the Board composition when appropriate, as part of the Board's renewal process. The NC believes that there is an appropriate balance of industry knowledge, skills, background, experience, professional qualifications and age on the Board, and is satisfied that the objectives of the Board Diversity Policy continue to be met.
Provision 2.5 of the Code: Independent Directors meet regularly without the presence of the Management	To facilitate a more effective check on the management, the Independent Directors meet at least once a year, each with the Group's Internal and External Auditor without the presence of the management. Where necessary, the Company co-ordinates informal meeting sessions for Non-Executive Directors and Independent Directors to meet without the presence of the management.
CHAIRMAN AND CHIEF EXECUTIVE OFFICER	Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers in decision-making.
Provision 3.1 of the Code: Chairman and CEO should be separate persons Provision 3.2 of the Code: Division of responsibilities between the Chairman and the CEO Provision 3.3 of the Code: Lead Independent Director	Dr Chen Mun, who is both the Chairman and Chief Executive Officer ("CEO") of the Company, leading the Board. This practice has been carried on since inception, and he leads the Board meetings because of his in-depth knowledge of the Group's operations as well as his excellent relationship with the customers, suppliers and other external parties that carry on business with the Group. Dr Chen Mun is responsible for the proper workings of the Board which include the scheduling of meetings, setting of Board meeting agenda in consultation with the Company Secretary, exercising of control over quality and timeliness of information flow between the Management and the Board, managing the business of the Board and Board Committees, monitoring the translation of the Board's decision and wishes into executive actions and is assisted by the three Board Committees in ensuring compliance with the Company's guidelines on corporate governance. The Board has a strong independent group of Directors to look after shareholders' interests. Day-to-day running of business operations are delegated to key senior executives while the Chairman focuses on long term and strategic plans of the Company. Provision 3.3 of the Code requires the Board to have a lead independent director to provide leadership in situations where the chairman is conflicted or is not independent. As the role of Group's Chairman and CEO is held by Dr Chen Mun, the Board has appointed Mr Tang Wai Loong as Lead Independent Director to lead and coordinate the meetings and activities of the independent directors. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or the Management are inappropriate or inadequate. The Board is mindful of the desirability of separating the two functional positions. However, it believes that vulnerability of the dual roles, if any, is considerably lessened by the checks and balances exercised by a board where half of the membership comprises independent directors. In practice, all major decisions made by the Executive Chairman are reviewed by the independent directors and reported to the Board. The NC and the Board unanimously support Dr Chen Mun's role as both Chairman and CEO. The Board is of the view that the current single leadership arrangement works well; in particular, it does not hinder the decision-making process of the Company unnecessarily.

Principle 4 of the Code: BOARD MEMBERSHIP	The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.
Provision 4.1 of the Code: NC to recommend to the Board on relevant matters Provision 4.2 of the Code: Composition of the NC	As at 31 March 2026, the NC comprises Mr Tang Wai Loong Kenneth, Mr Tan Chao Hsiung, David, Mr Teo Eng Hock and Mr Teo Thiam Chye Eric, majority of whom are non-executive and independent Directors. The Chairman of the NC is Mr Tang Wai Loong Kenneth. The key Terms of Reference of the NC are as follows: (a) Review the Board and Board Committees structure, size, and composition annually; (b) Identify suitable candidate and review all nominations on appointment and re-appointment of Directors; (c) Determine annually whether or not a Director is independent, guided by the independent guidelines contained in the code; (d) Develop a performance evaluation framework for the Board, the Committee and Individual Directors, and proposing objective performance criteria to assess the effectiveness of the Board, the Committee and Individual Directors; (e) Review and decide if a Director, who has multiple board representations on publicly listed companies, is able to and has been adequately carrying out his/her duties as a Director of the Company; (f) Review and recommend training and professional development programme for the Board; (g) Assess whether each director is able to and has been adequately carrying out his duties as Director of the Company; (h) Review of succession plans for Directors, CEO and key management personnel of the Company; and (i) Generally undertake such other functions and duties as may be required by the Board under the Code, statute or SGX Listing Rules (Mainboard). Regulation 103 of the Company's Constitution which states that one-third of the Directors for the time being, or if their number is not a multiple of three, the number nearest to one-third with a minimum of one, shall retire from office, provided that all Directors shall retire from office at least once every three years. Regulation 107 of the Company's Constitution which states that the Directors shall have power at any time and from time to time to appoint any person to be a Director either to fill a casual vacancy or as an additional Director. Any Director so appointed shall hold office only until the next Annual General Meeting and shall then be eligible for re-election but shall not be taken into account in determining the number of Directors who are to retire by rotation at such meeting. Pursuant to Rule 720(5) of the Listing Manual of SGX-ST which effective from 1 January 2019, every Director must retire from office at least once every three years and are eligible for re-election. The Board has reviewed NC's recommendation on the nomination of Mr Tan Chao Hsiung David and Mr Tang Wai Loong Kenneth, who are retiring under Regulation 103 of the Constitution of the Company, for re-election at the forthcoming AGM. Both Mr Tan Chao Hsiung David and Mr Tang Wai Loong Kenneth have given their consents for re-election, to be put forward for shareholders' approvals at the forthcoming Thirty-Seventh Annual General Meeting ("AGM"). The Board has also reviewed NC's recommendation on the nomination of Mr Teo Thiam Chye Eric, who is retiring under Regulation 107 of the Constitution of the Company, for re-election at the forthcoming AGM. Mr Teo Thiam Chye Eric has given his consent for re-election, to be put forward for shareholders' approvals at the forthcoming AGM.

Provision 4.3 of the Code: Process for the selection, appointment and re-appointment of Directors	When the need for a new Director to replace a retiring Director arises, or where it is considered that the Board would benefit from the services of a new Director with particular skills, the NC, in consultation with the Board, determines the selection criteria. Candidates would first be sourced through an extensive network of contacts and identified based on the needs of the Group and relevant expertise and experience required. The NC may engage recruitment consultants to undertake research on or assess candidates for new position on the Board, or to engage such other independent experts, if necessary. After the Board has interviewed the candidates, the NC would further shortlist and recommend the candidates for appointment to the Board. The Board has the final discretion in appointing new Directors. The NC recommends the appointment and re-election of Directors to the Board for approval based on the following criteria: (a) Expertise and experience of the candidate and whether they have discharged their duties adequately as Directors of the Company, officers of other companies and/or professionals in the area of expertise; (b) Independence of the candidate (for Independent Directors); (c) Appointment or re-appointment will not result in non-compliance with any composition requirements for the Board and Board Committees; and (d) Whether the candidate is a fit and proper person in accordance with Monetary Authority of Singapore's ("MAS") fit and proper guidelines, which broadly take into account the candidate's honesty, integrity and reputation; his competence and capability; and financial soundness. Each member of the NC shall abstain from voting on any resolution in respect of the assessment of his performance or re-nomination as a Director. The Board of the Company does not comprise any alternate Director and no alternate Director was appointed during FY2026.
Provision 4.4 of the Code: Circumstances affecting Directors' Independence	Having regard to the circumstance sets set forth in Provision 2.1 of the Code, the Directors disclose their relationships with the Company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board under the declaration of section 156 of the Act. The NC is responsible for determining annually whether or not a Director is independent for purpose of the Code. Each Independent Director is required to complete a confirmation of independence, drawn up according to the guidelines stated in the Code, to confirm his independence. He is required to disclose to the Board any relationships or circumstances which are likely to affect, or could appear to affect, his judgement. Based on the annual review of the independence of the Independent Directors according to the guidelines stated in the Code, the NC ascertained that all independent Directors are independent for the purpose of the Code.

CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report
Provisions 1.5 and 4.5 of the Code: Multiple listed company Directorship and other principal commitments	When a Director has multiple listed company Directorship and other principal commitments, the NC also considers whether or not the Director is able to and has adequately carried out his duties as a Director of the Company. The NC believes that putting a maximum limit on the number of Directorships a Director can hold is arbitrary, given that time requirements for each vary, and thus should not be prescriptive. The NC is satisfied that sufficient time and attention were given by the Directors to the affairs of the Company during FY2026, notwithstanding that they hold Directorships in other listed companies and have other principal commitments and will continue to do so in FY2027. The list of Directorships held by Directors presently or in the preceding three years in other listed companies, and other principal commitments are set out in the “Board of Director” section of the Annual Report.
BOARD PERFORMANCE	Principle 5: There Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each its board committees and individual Directors.
Provision 5.1 and 5.2 of the Code: Assessment of effectiveness of the Board and Board committees and assessing the contribution by the Chairman and each Director	The NC is responsible in evaluating performance and effectiveness of the entire Board, the Board Committees and individual Director on a yearly basis. The performance evaluation framework is in the form of assessment questionnaires and the evaluation covers amongst other, Board and Board Committees’ compositions, processes in managing the Group’s performance, effectiveness of the Board, Board Committees as well as conduct, mix of skills, knowledge, competencies and contribution of each Director to the Company in discharging their function. The questionnaires are completed by the members of the Board and Board Committees and each Director for self-assessment. The completed questionnaires are collated by the Company Secretary for deliberation by the NC. The NC led by its Chairman, reviews the outcome of the evaluation and recommends to the Board on areas for continuous improvement as well as for them to form the basis of recommending relevant Directors for re-election at the AGM. The Chairman will act on the results of the performance evaluation and in consultation with the NC, propose, where appropriate, new members to be appointed to the Board or seek the resignation of Directors. During the FY2026, the NC met once and assessed the Board, Board Committees and individual Directors. The NC was satisfied with the outcome of the evaluations and both the NC and the Board are of the view that the board has met its performance objectives for FY2026. No external facilitator was engaged in the performance assessment.
PROCEDURES FOR DEVELOPING REMUNERATION POLICIES	Principle 6: There Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director should be involved in deciding his or her own remuneration.
Provision 6.2 of the Code: Composition of RC	As at 31 March 2026, the RC comprises Mr Teo Eng Hock, Mr Tan Chao Hsiung, David, Mr Tang Wai Loong Kenneth and Mr Teo Thiam Chye Eric, majority of whom are non-executive and independent Directors. The Chairman of the RC is Mr Teo Eng Hock.

Provision 6.1 of the Code: RC to recommend remuneration framework and packages	The key Terms of Reference of the RC are as follows: (a) review and recommend to the Board a general framework of remuneration for the Board and key management personnel; (b) review and recommend to the Board the specific remuneration packages for each Director and key management personnel; (c) review and recommend to the Board the terms of renewal of the service agreements of Executive Directors; (d) determine the appropriateness of the remuneration of non-executive Directors taking into consideration their effort, time spent, responsibilities and level of contribution; (e) review the ongoing appropriateness and relevance of the Company's remuneration policy; (f) administer the Powermatic Data Systems Executives' Share Award Scheme 2023 and any other share option scheme established from time to time for the Directors and the management; (g) work and liaise, as necessary, with all other Board Committees on any other matters connected with remuneration matters; and (h) generally undertake such other functions and duties as may be required by the Board under the Code, statute or SGX Listing Rules (Mainboard). The recommendations of the RC shall be submitted for endorsement by the Board. The RC covers all aspects of remuneration, including Directors' fees, salaries, allowances, bonuses, grant of shares and share options and benefits-in-kind. Each RC member shall abstain from voting on any resolutions in respect of his remuneration package.
Provision 6.3 of the Code: RC to consider and ensure aspects of remuneration are fair.	The RC is responsible for all aspects of remuneration, including termination terms. The remuneration structure of the Executive Directors and key executives consist of both fixed and variable components. The variable component is performance related and is linked to the Group's performance as well as individual's performance. Such performance-related remuneration is designed to align with the interests of shareholders. The Executive Directors have service contracts and do not receive directors' fees. Their compensations consist of salary, bonuses, options and performance awards that are dependent on the performance of the Group. The Executive Directors' service contracts are subject to review every two or three years. The RC is of the view that the Directors' service contracts are not excessively long or with onerous removal clauses. The Independent Directors are compensated through directors' fees. Directors' fees comprise a basic retainer fee and fees in respect of service on Board Committees. These fees are subject to shareholders' approval at the AGM. Each member of the RC refrains from voting on any resolutions in respect of the assessment of his own remuneration and no RC member or Director is involved in deciding his own fee. The RC met once in FY2026. The remunerations of the Executive Directors are reviewed by the RC. The NC, together with the RC, decides on the specific remuneration package for an Executive Director upon recruitment. Thereafter, the RC reviews subsequent increments, bonuses and allowances where these payments are discretionary. No Director or member of the RC is involved in deciding his own remuneration. The RC reviews what compensation commitments the Executive Directors' service contracts would entail in the event of early termination by either the Company or Executive Directors giving to the other at least two months' prior written notice. The RC will seek expert advice on remuneration of all directors, if necessary.

Provision 6.4 of the Code: Expert advice on remuneration	The RC members are familiar with management compensation matters as they manage their own businesses and/or are holding Directorships in other listed companies. If necessary, the RC may seek professional advice on remuneration of all Directors. During FY2026, no external remuneration consultants were engaged.
LEVEL AND MIX OF REMUNERATION	Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.
Provision 7.1 and 7.3 of the Code: Executive Directors and key management personnel's remuneration to be linked to corporate and individual performance and aligned with interests of shareholders; Remuneration is appropriate to provide good stewardship and promote long-term success of the Company	The remuneration structure of the Executive Directors and key executives consist of both fixed and variable components. The variable component is performance related and is linked to the Group's performance as well as individual's performance. Such performance-related remuneration is designed to align with the interests of shareholders. The variable component which comprises bonuses is linked to the performance of the Company and the individual. In FY2026, variable or performance related income/bonus made up between 40.64% to 10.84% of the total remuneration of the Executive Director and CEO and each of the Group's key management personnel. The remuneration package is designed to enable the Company to stay competitive and allows the Company to better align executive compensation with shareholder value creation. In setting remuneration packages, the RC ensures that the Directors are adequately but not excessively remunerated as compared to the market employment conditions. The RC also ascertained that Independent Directors are not overly compensated to the extent that their independence may be compromised. The service agreements of the Executive Directors and CEO contain clauses to allow the Company to reclaim variable components of remuneration in exceptional circumstances.
Provision 7.2 of the Code: Remuneration of non-executive Directors dependent on contribution, effort, time spent and responsibilities	None of the Non-Executive Directors and Independent Directors have service agreements with the Company or receive any remuneration from the Company. They are paid Directors' fees, which are determined by the Board based on their contribution, effort, time spent and responsibilities. The Directors' fees are subject to approval by the Shareholders at each AGM.
DISCLOSURE ON REMUNERATION	Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.
Provision 8.2 of the Code: Remuneration disclosure of related employees	There is no termination, retirement and post-employment benefits granted to Directors, the CEO or the top three key management personnel. Short-term incentive of the Executive Director and key management personnel takes the form of annual variable bonus payment and is linked to the performance of the Company and the individual. In view of confidentiality of the remuneration policies of the Company and the competitive pressures in the talent market, the Board is of the opinion that it is in the best interests of the Group to disclose the remuneration of its Directors and key management personnel in salary bands. Accordingly, the Company is of the view that its practices of disclosing the remuneration of its Directors and key management personnel in salary bands are consistent with the intent of provision 8 of the Code, taking into account the strategic objectives of the Company pursuant to Principle 8 of the Code.

Provision 8.3 of the Code: Details of employee share schemes	POWERMATIC DATA SYSTEMS EXECUTIVES' SHARE AWARDS SCHEME 2023 The Company has adopted the Powermatic Data Systems Executives' Share Awards Scheme 2023 (the "Scheme"), which was approved by the shareholders at the Extraordinary General Meeting held on 22 January 2024. The Scheme is a share incentive scheme designed to provide an opportunity for executives who have contributed significantly to the growth and performance of the Group to participate in the equity of the Company. The Scheme is also a share incentive scheme, which recognises the importance of such executives to the success and continued well-being of the Group. Implementation of the Executives' Share Award Scheme will enable the Company to recognise the contributions made by such executives. Under the Scheme, all executives of the Group, who are not undischarged bankrupts and have not entered into a composition with their respective creditors, are eligible to participate in the Scheme except for directors, including executive directors, non-executive directors (including independent directors) of the Group are not eligible to participate in the Scheme. The directors and employees of the Company's parent company, the parent company's subsidiaries and associated companies are not eligible to participate in the Scheme. The Company does not have a parent company or associated companies. As at the date of this Annual Report, 130,000 Share Awards were granted and vested on 17 July 2025, as the Participants have achieved certain performance conditions, as determined by the Scheme Committee of the Company, authorised and appointed by the Board to administer the Scheme. No Share Awards were granted to any Directors of the Company, controlling shareholders and their associates and no executive in the Group has received shares which, in aggregate, represent 5% or more of the aggregate of the total number of shares available under the Scheme. As at 31 March 2026, the Scheme is administered by the RC comprising of Mr Teo Eng Hock (Chairman), Mr Tan Chao Hsiung, David, Mr Tang Wai Loong Kenneth and Mr Teo Thiam Chye Eric. Information on Scheme is set out in the Statement by Directors on pages 35.
	ACCOUNTABILITY AND AUDIT
RISK MANAGEMENT AND INTERNAL CONTROLS	Principle 9: The Board is responsible for the governance of risk and ensure that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.
Provision 9.1 of the Code: Board determines the nature and extent if the significant risks	The Management has put in place an internal control and risk management system to safeguard shareholders' investment and company's assets. The ARMC is tasked to oversee and review the adequacy and effectiveness of the Company's risk management function. The system of internal control provides reasonable, but not absolute assurance that the Group will not be adversely affected by any event that could be reasonably foreseen in the light of current business environment and its inherent risks. The Group, with the help of Internal Auditors, has prepared a documentation on its risk profile which summarizes the material risks faced by the Group and the countermeasures in place to manage or mitigate those risks for the review by the ARMC and the Board. The documentation provides an overview of the Group's key risks, how they are managed, and the various assurance mechanisms in place. It allows the Group to address the on-going changes and the challenges in the business environment, reduces uncertainties and facilitates the shareholder value creation process.

CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report
Provision 9.1 of the Code: Board determines the nature and extent of the significant risks (cont'd)	On an annual basis, the internal auditors prepare the internal audit plan approved by the ARMC. The audit plan takes into consideration the risks identified in the risk profile document and the audits are conducted to assess the adequacy and the effectiveness of the Group's risk management and the internal control systems put in place, including financial, operational, compliance and information technology controls. Any material non-compliance or lapses in internal controls, together with recommendation for improvement are reported to the ARMC. The ARMC reviews these reports and ensures that appropriate and timely counter-measures are taken by Management as part of its continuous improvement efforts to further enhance its internal control systems and practices. A copy of the report is also issued to the relevant subsidiaries for their follow-up action. The timely and proper implementation of all required corrective, preventive or improvement measures are closely monitored. In addition, the external auditors would highlight control weaknesses on financial reporting that came to their attention during the course of the statutory audit. The Company is committed to managing all risks in a proactive and effective manner. This requires high quality risk analysis to inform management decisions taken at all levels within the Group. Risk analysis and management is undertaken within the Group as a source of sustainable business benefits and competitive advantage. Managing threats and maximising opportunities will ensure that business objectives are met in the most effective way possible, leading to increased value for the business and its stakeholders. The Company has internal processes to determine the level of risk tolerance and ensure the consistency and quality of risk analysis and management. The process includes six elements: (a) establishing the context; (b) risk identification; (c) risk prioritisation; (d) risk mitigation; (e) risk reporting; and (f) risk updates. The purpose of engaging in such a process is to ensure that the goals and objectives of the corporate strategy of the Group are achieved. The Group's Internal Auditor, CLA Global TS, carry out internal audit on the system of internal controls and report the findings to the ARMC. The Group's External Auditor, RSM SG Assurance LLP, have also carried out, in the course of their statutory audit, an understanding of the key internal accounting controls assessed to be relevant to the statutory audit. In this respect, the ARMC has reviewed the findings of both the Internal and External Auditor and will ensure that the Company follows up on the Auditors' recommendations raised during the audit process. The accounts for the year were audited by RSM SG Assurance LLP and the ARMC has recommended to the Board that RSM SG Assurance LLP be nominated for re-appointment as Auditor at the forthcoming AGM. The Board conducted a review and assessment of the adequacy and effectiveness of the Company's risk management and internal control systems including financial, operational, compliance and information technology controls. The assessment was made by discussions with the management of the Company.

CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report
Provision 9.2 of the Code: Assurance from CEO, FM and other key management personnel	The Company does not have a CFO. The Board also received assurance from the Executive Director, CEO and the Group's Finance Manager ("FM") that: (a) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and (b) the Company's risk management and internal control systems are adequate and effective. Based on the internal controls established and maintained by the Group, regular audits, monitoring and reviews performed by the internal and External Auditor, review of the risk assessment reports, assurance from the Executive Director and CEO and the Group's FM reviews performed by the management, the Board, with the concurrence of the ARMC, is of the opinion that the system of internal controls (including financial, operational, compliance and information technology controls) and risk management systems in place are adequate and effective in addressing the financial, operational, compliance and information technology risks as at 31 March 2026 which the Group considers relevant and material to its current business scope and environment. The Board and the ARMC noted that all internal controls contain inherent limitations and no systems of internal controls could provide absolute assurance against the occurrence of material errors, poor judgement in decision making, human error, losses, fraud or other irregularities. The Board will continue its risk assessment process, which is an on-going process, with a view to improve the Company's internal controls system.
AUDIT AND RISK MANAGEMENT COMMITTEE	Principle 10: The Board has an Audit and Risk Management Committee which discharges its duties objectively.
Provision 10.1 and 10.2 of the Code: Duties and composition of the ARMC	As at 31 March 2026, the Audit and Risk Management Committee ("ARMC") comprises Mr Teo Thiam Chye Eric, Mr Tan Chao Hsiung, David, Mr Tang Wai Loong Kenneth and Mr Teo Eng Hock, majority of whom are non-executive and independent Directors. The Chairman of the ARMC is Mr Teo Thiam Chye Eric. The Board is of the view that the members of the ARMC have sufficient financial management expertise and experience and are qualified to discharge the ARMC functions. The key Terms of Reference of the ARMC are as follows: (a) review the financial statements and the independent auditor's report on those financial statements before submission to the Board for approval, focusing in particular, on significant financial reporting issues and judgements, changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with accounting standards as well as compliance with any stock exchange and statutory/regulatory requirements; (b) review assurance from the Executive Director and CEO and the Group's FM on the financial records and financial statement and assurance from Executive Director and CEO and other key management personnel who are responsible on the adequacy and effective of the risk management and internal control systems; (c) review the adequacy and effective of the Company's risk management and internal control in relation to financial reporting other financial-related risk and controls and report to the Board; (d) review with the Internal Auditor the internal audit plan and their evaluation of the adequacy and effectiveness of the internal controls and accounting system before submission of the results of such review to the Board; (e) review with the External Auditor the audit plan, their evaluation of the Company's internal accounting controls that are relevant to their statutory audit and their audit report; Report to the Board at least annually on the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls and risk management policies;

Provision 10.1 and 10.2 of the Code: Duties and composition of the ARMC (cont'd)	The ARMC also has the power to conduct or authorise to investigate any matter within its terms of reference, and has full access to, and cooperation of, the management. The ARMC has full discretion to invite any Director or management staff to attend its meetings, as well as access to reasonable resources to enable it to discharge its function properly. In performing its functions, the ARMC also reviews the assistance given by the Company’s officers to the independent auditor. The ARMC shall commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore law, rule or regulation which has or is likely to have a material impact on the Company’s operating results and/or financial position. In the event that a member of the ARMC is interested in any matter being considered by the ARMC, he will abstain from reviewing that particular transaction or voting on that particular transaction. The role of the ARMC is to assist the Board in the execution of its corporate governance responsibilities within the established Board references and requirements. The ARMC also reviews the adequacy and effectiveness of the Company’s internal controls and effectiveness of the Company’s internal audit function as set out in the guidelines stated in the Code. The services of the Internal Auditor are utilised to assist the ARMC in the discharge of its duties and responsibilities. The ARMC will review, at least annually, the Group’s key financial risk areas (including but not limited to, the Group’s cash management policies and cash position, collection of debts, hedging policies and foreign currency transactions (if any) and off-balance sheet items (if any) with a view to providing an independent oversight on the Group’s financial reporting. Where the findings are material, the outcome of these reviews will immediately be announced via SGXNet and disclosed in the annual report of the Group. The ARMC has reviewed the audit and non-audit services provided by the external auditors, Messrs RSM SG Assurance LLP. The audit service fee incurred during the reporting year is as follows: <table><tr><th></th><th>2026 \$’000</th><th>2025 \$’000</th></tr><tr><td>- Auditors of the company</td><td>105</td><td>100</td></tr><tr><td>- Other auditors[#]</td><td>29</td><td>28</td></tr><tr><td>Total</td><td>134</td><td>128</td></tr></table> [#] Includes an alliance firm of RSM SG Assurance LLP There were non-audit services of FY2026 S\$2,000 by other auditors (FY2025 :S\$7,800 by the auditor of the company). The Internal Auditor had performed their review on the Sustainability Report for FY2026. The ARMC, having considered the nature of services rendered and related charges by the External Auditor, is satisfied that the independence of the External Auditor is not impaired. The Company has complied with Rules 712 and 716 of the Listing Manual of SGX-ST in relation to its independent auditors.		2026 \$’000	2025 \$’000	- Auditors of the company	105	100	- Other auditors [#]	29	28	Total	134	128

CORPORATE GOVERNANCE REPORT

Provisions	Corporate Governance Report
Provision 10.4 of the Code: Primary reporting line of the IA function is to ARMC; IA function has unfettered access to Company's documents, record, properties and personnel	The Group outsources its internal audit function to, CLA Global TS, an international auditing firm, to review key business processes of the Company and its key subsidiaries. The primary reporting line of the Internal Auditor function is to ARMC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the company's documents, records, properties and personnel, including the ARMC, and has appropriate standing within the company. The ARMC approves the hiring, removal, evaluation and compensation of the Internal Auditor.
Provision 10.5 of the Code: ARMC to meet auditors without the presence of management annually	The ARMC meets with the Group's Internal Auditor and External Auditor without the presence of the management at least once a year. Such meeting enables the Internal Auditor and External Auditor to raise any issue encountered in the course of their work directly to the ARMC. For FY2026, the ARMC met once with the Internal Auditor and External Auditor, each without presence of the management.
	WHISTLE-BLOWING POLICY The Company has in place a whistle-blowing policy where staff of the Company and any other persons can have access to the ARMC Chairman and members. All concerns about possible improprieties in financial reporting and other matters would be channelled to the ARMC Chairman and members. The Company's Whistleblowing Policy aims to: (a) provide a trusted avenue for employees, vendors, customers and other stakeholders to report serious wrongdoings or issues, particularly to fraud, governance or ethics, without fear; and (b) ensure that robust arrangements are in place to facilitate independent investigation of the reported issues with appropriate follow up actions. The Company will treat all information received confidentially and protect the identity of all whistle-blowers. It is also committed to ensuring that whistle-blowers will be treated fairly and protected against detrimental or unfair treatment for whistle-blowing in good faith. All whistle-blowing complaints are independently investigated and appropriate actions taken. The ARMC, which is responsible for oversight and monitoring of whistle-blowing, reviews and ensures that independent investigations and any appropriate follow-up actions are carried out, taking into account factors such as the seriousness of the issues, the credibility of the concern and the likelihood of confirming the allegation from attributable sources. The ARMC will follow a set of guidelines to ensure proper conduct of investigations and appropriate closure actions following completion of the investigations, including administrative, disciplinary, civil and/or criminal actions and remediation of control weaknesses that may arise to fraud or misconduct. In addition, the ARMC reviews the Whistleblowing Policy regularly to ensure that it remains current. A whistle-blower email address is created for reporting suspected fraud, corruption, dishonest practices or other similar matters. Details of the whistle-blowing policy and arrangements have been made available to all employees of the Company and is published on the Company's website. The ARMC shall commission and review the findings of internal investigations in matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any law, rule or regulation which has or is likely to have a material impact on the Group's operating results and/or financial position. There was no whistleblowing complaint received during FY2026.

SHAREHOLDER RIGHTS AND ENGAGEMENT	
SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS	Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.
Provision 11.1 of the Code: The Company provides shareholders with the opportunity to participate effectively and vote at general meetings	In presenting the annual financial statements and announcements of financial results to shareholders, it is the aim of the Board to provide shareholders with a balanced and understandable assessment of the Company's performance, position and prospects. The financial results for the half year and full year are released to shareholders via SGXNet within 45 and 60 days of the half year-end date and full year-end date respectively. Notices of general meetings are dispatched to shareholders, together with the annual report and/or circulars within the time notice period as prescribed by the regulations. At general meetings, shareholders will be given opportunities to voice their views and direct their questions to the Board regarding the Company. The timely release of financial information and general meeting notice and circulars enables shareholders to prepare and participate effectively and vote at general meetings. Shareholders will also be briefed during the general meetings on voting procedures of the general meetings.
Provision 11.2 of the Code: Separate resolutions on each substantially separate issue	The Board notes that there should be separate resolutions at general meetings on each substantially separate issue and agrees to the Code's recommendation that companies avoid 'bundling' resolutions unless the resolutions are interdependent and linked so as to form one significant proposal. In situations where resolutions are inter-conditional, the Company will provide clear explanations.
Provision 11.3 of the Code: All Directors attend general meetings of shareholders	All Directors, including the Executive Chairman and CEO, and various Board Committees, attend the general meetings to address shareholders' queries and receive feedback from shareholders. The External Auditor, RSM SG Assurance LLP, is also invited to attend AGMs and will assist in addressing queries from shareholders relating to the conduct of the audit and the preparation and content of the auditor's report.
Provision 11.4 of the Code: Company's Constitution allow for absentia voting of shareholders	The Company's Constitution allows a member entitled to attend and vote to appoint not more than 2 proxies to attend and vote instead of the member and also provides that the proxy need not be a member of the Company. Voting in absentia by mail, email or fax is currently not permitted to ensure proper authentication of the identity of the shareholders and their voting intentions.
Provision 11.5 of the Code: Minutes of general meetings are published on Company's corporate website as soon as practicable	Minutes of general meetings which include substantial and relevant comments or queries from Shareholders relating to the agenda of the meeting and responses from the Board and the management were taken. Minutes of general meetings would be available to shareholders upon their written request. Voting at the general meeting will be by way of poll pursuant to Rule 730A(2) of the Listing Manual of SGX-ST. Announcement on the poll results (showing the number of votes cast for and against each resolution and the respective percentages) will be released after the meeting via SGXNet.

Provision 11.6 of the Code: Dividend policy	The Company does not have a formal dividend policy. The form, frequency and amount of future dividend of the Company's shares will depend on the earnings, financial position, results of operations, capital needs, plans for expansion, and other factors as the Board may deem appropriate. Any dividend payments are clearly communicated to shareholders via announcements on SGXNet. For half year 2026, the Company has declared and paid a special interim one-tier tax exempt dividend of Singapore 10.0 cents per ordinary share for half-year ended 30 September 2025 ("1HY2026") on 26 November 2025. For FY2026, the Company has also declared a final one-tier tax exempt dividend of Singapore 4.0 cents per ordinary share and a special one-tier tax exempt dividend of Singapore 15.0 cents per ordinary share to be tabled for shareholders' approvals at the forthcoming AGM. In FY2025, the Company held its Thirty-Sixth Annual General Meeting physically on 24 July 2025. Thirty-Seventh Annual General Meeting to be held on 23 July 2026 ("AGM") For the forthcoming AGM, the Company will be conducting a physical meeting. The minutes of the AGM will be published on the Company's corporate website and SGX website within one month after the date of the AGM. As part of the Group's commitment towards environmental sustainability, the Company will only distribute printed copies of the Notice of AGM and proxy form to its Shareholders. Printed annual report will only be sent to Shareholders upon receipt of duly completed annual report request form. Shareholders are informed of the AGM through notices sent to them and via publication on the Company's corporate website at the URL https://powermatic.com.sg/ and they are also made available on the SGX website at the URL https://www.sgx.com/securities/company-announcements. In order to provide ample time for the Shareholders to review, the Notice of AGM, together with the annual report are announced via SGXNet and the Company's corporate website fourteen days before the scheduled AGM date. Shareholders are encouraged to attend the AGM to ensure a high level of participation and accountability.
ENGAGEMENT WITH SHAREHOLDERS	Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meeting and other dialogues to allow shareholders to communicate their views on various matters affecting the company.
Provision 12.1 of the Code: Company provides avenues for communication between the Board and shareholders and disclose in its annual report to steps taken to solicit and understand the views of shareholders	The Board is mindful of the obligation to provide shareholders with information on all major developments that affect the Group in accordance with the Listing Manual of SGX-ST and the Act. Information is communicated to shareholders on a timely basis through: (a) Announcements and press releases via SGXNet; (b) Company's website; and (c) Annual reports. The Company recognises that open communication is essential for communicating with shareholders and other audiences in the finance and investment community.
Provision 13.3 of the Code: Corporate website to engage stakeholders	

CORPORATE GOVERNANCE REPORT

Provision 12.2 and 12.3 of the Code: Board to maintain regular dialogue with shareholders; Board to disclose the steps taken to solicit and understand shareholders' views	Any major or material developments are first disseminated via SGXNET followed by a press release, whenever necessary. Price sensitive information is first publicly released, either before the Group meets with any group of investors or analysts or simultaneously with such meetings. Results and annual reports are announced or issued within the mandatory period. The Company provided opportunities for communication with the shareholders, investors and other stakeholders during FY2026 as follows: (a) Annual General Meeting; and (b) Update on corporate developments via SGXNet.
ENGAGEMENT WITH STAKEHOLDERS	Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.
Provision 13.1 and 13.2 of Code: Engagement with material stakeholder groups	The Company provides contact details on its website as the Company recognises the importance of stakeholder engagement to the long-term sustainability of its business. During FY2026, the Company did not receive any telephone enquiries from shareholders and investors. The Company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups. The Group has undertaken a process to determine the environmental, social and governance ("ESG") issues which are important to these stakeholders. These issues form the materiality matrix upon which targets, performance and progress are reviewed and endorsed by the Board annually. The Company's Sustainability Report will be made available on our corporate website in July 2026.

7. REPORT OF AUDIT AND RISK MANAGEMENT COMMITTEE

The members of the Audit and Risk Management Committee at the date of this report are as follows:

Teo Thiam Chye, Eric	(Chairman of Audit and Risk Management Committee, Independent director)
Tan Chao Hsiung, David	(Non-Executive Non-Independent director)
Tang Wai Loong, Kenneth	(Independent director)
Teo Eng Hock, Bernard	(Independent director)

The Audit and Risk Management Committee (“ARMC”) performs the functions specified by section 201B(5) of the Act. Among other functions, it reviewed the following, where relevant, with management, the external auditors and the internal auditors:

- The audit plan of the independent external auditor.
- The independent external auditor’s evaluation of the Company’s internal accounting controls relevant to the statutory audit, the audit report on the financial statements and the assistance given by management to the auditor.
- The scope and results of the internal audit procedures (including those relating to financial, operational and compliance controls and risk management) and the assistance given by the management to the internal auditor.
- The financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption.
- The interested person transactions (as defined in Chapter 9 of the Singapore Exchange Securities Trading Limited’s Listing Manual).

Other functions performed by the ARMC are described in the report on corporate governance included in the annual report of the Company. It also includes an explanation of how independent auditor objectivity and independence is safeguarded where the independent auditor provides non-audit services.

The ARMC has recommended to the board of directors that the independent auditor, RSM SG Assurance LLP, be nominated for re-appointment as the independent auditor at the next annual general meeting of the Company.

8. DIRECTORS’ OPINION ON THE ADEQUACY OF INTERNAL CONTROL

Based on the internal controls and risk management systems established and maintained by the Company, periodic reviews performed by management, other committees of the board and the board, and work performed by the independent internal and external auditors, the board with concurrence of the ARMC, is of the opinion that the Company’s internal control and risk management systems were adequate as at 31 March 2026 to address the risks relating to financial, operational, compliance and information technology controls.

STATEMENT BY DIRECTORS

9. SUBSEQUENT DEVELOPMENTS

INDEPENDENT AUDITOR'S REPORT

to the Members of POWERMATIC DATA SYSTEMS LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying financial statements of Powermatic Data Systems Limited (the “company”) and its subsidiaries (the “group”), which comprise the consolidated statement of financial position of the group and the statement of financial position of the company as at 31 March 2026, and the consolidated statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows of the group, and statement of changes in equity of the company for the reporting year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the group and the statement of financial position and statement of changes in equity of the company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the “Act”) and Singapore Financial Reporting Standards (International) (“SFRS(I)”) so as to give a true and fair view of the consolidated financial position of the group and the financial position of the company as at 31 March 2026 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the group and the changes in equity of the company for the reporting year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the auditor’s responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the Accounting and Corporate Regulatory Authority (“ACRA”) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (“ACRA Code”), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Singapore. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current reporting year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

(a) Revenue recognition from sale of development properties

Please refer to Notes 2A, 2C and 5 to the financial statements.

For the reporting year ended 31 March 2026, revenue from the sale of development properties recognised on a percentage of completion method amounted to approximately \$15,572,000 as disclosed in Note 5 to the financial statements.

Revenue from the sale of development properties is recognised over time where the criteria under SFRS(I) 15 Revenue from Contracts with Customers are met and by reference to the group’s progress towards completing the contracts. The measurement of progress is determined based on the proportion of development properties costs incurred to date to the estimated total development properties costs for the development properties.

Significant management’s judgement is required to determine the estimated total development properties costs and costs to complete the project. These estimates are subject to uncertainties arising from factors such as construction costs, contractual commitments, project variations and other project-specific considerations. Changes in these estimates may have a significant impact on the stage of completion and consequently on the amount of revenue and profit recognised during the reporting year.

How we addressed the matter in our audit

We selected samples for testing. Our audit procedures consist of two parts, revenue recognised from the sale of development properties and development properties costs.

INDEPENDENT AUDITOR'S REPORT

to the Members of POWERMATIC DATA SYSTEMS LIMITED

Key audit matters

(a) Revenue recognition from sale of development properties

For revenue recognised from the sale of development properties, we (a) verified the selling prices of selected units to the executed sale and purchase agreements entered into between the group and customers; (b) assessed whether the criteria for recognising revenue over time had been met in accordance with the applicable accounting standards; (c) recomputed the stage of completion of the development project, which was determined based on the proportion of development costs incurred to date relative to the estimated total development costs; and (d) assessed the reasonableness of the revenue recognised by reference to the stage of completion and supporting project documentation.

For development properties costs, we (a) reviewed the actual costs incurred by verifying to supplier invoices or main-contractors progress billings; and (b) reviewed management's estimates of total development properties costs and costs to complete the projects by comparing budgets to supporting contracts and approved project plans, and reviewing the estimation of materials, labour and other development properties costs with reference to the progress of the project.

We also recomputed the cumulative revenue and the revenue recognised for the current reporting year based on the stage of completion and agreed the amounts to the accounting records.

(b) Valuation of development properties for sales

Please refer to Notes 2A, 2C and 19 to the financial statements.

The group develops property in Singapore and the carrying amount of development properties as at the end of the reporting year is significant. Development properties for sale are stated at the lower of cost and net realisable value. The determination of the estimated net realisable value of these development properties is critically dependent upon the group's expectations of future selling prices.

Changes in demands for development properties arising from government policies in Singapore and changes in global economic activities might exert downward pressure on transaction volumes and properties prices in markets where the group operates. These factors may affect the carrying amounts of the group's development properties and therefore warrant specific audit focus in this area.

How we addressed the matter in our audit

Our audit procedures included obtaining an understanding of management's process for assessing the net realisable value of development properties for sale. We evaluated the methodology applied by management in estimating the net realisable value and assessed the reasonableness of key assumptions used.

We compared the estimated selling prices of selected units against recent sales transactions, executed sale and purchase agreements and available market information. We assessed the reasonableness of estimated costs to complete the development projects by comparing significant cost components against approved budgets, contractual commitments and supporting documentation. We also assessed the estimated selling expenses used in the net realisable value calculations.

In addition, we independently recalculated the net realisable value assessments prepared by management and evaluated whether any write-down of development properties for sale was required. We also assessed the adequacy of the related disclosures in the financial statements.

Other information

Management is responsible for the other information. The other information comprises the information included in the statement by directors and the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

to the Members of POWERMATIC DATA SYSTEMS LIMITED

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and the financial reporting standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the group's internal control.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

INDEPENDENT AUDITOR'S REPORT

to the Members of POWERMATIC DATA SYSTEMS LIMITED

Auditor's responsibilities for the audit of the financial statements

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Pang Hui Ting.

The financial statements are presented in Singapore Dollar and they cover the company and its subsidiaries (the “group”). All financial information in these financial statements are rounded to the nearest thousand (“\$’000”), unless when otherwise indicated.

The board of directors approved and authorised these financial statements for issue on the date of the statement by directors. The directors have the power to amend and reissue the financial statements.

The principal activities of the company is an investment holding company. The principal activities of the subsidiaries are disclosed in Note 16 below.

The registered office and principal place of business of the company is located at 178 Payar Lebar Road, #05-05, Singapore 409030.

Statement of compliance with financial reporting standards

These financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) (“SFRS(I)s”) and the related Interpretations to SFRS (I) (“SFRS(I) INT”) as issued by the Accounting Standards Committee under ACRA (“ASC”). They comply with the provisions of the Companies Act 1967 and with the IFRS Accounting Standards (“IFRSs”) as issued by the International Accounting Standards Board (“IASB”).

Basis of preparation of the financial statements

The financial statements are prepared on a going concern basis under the historical cost convention except where a financial reporting standard requires an alternative treatment (such as fair values) as disclosed where appropriate in these financial statements. The accounting policies in the financial reporting standards may not be applied when the effect of applying them is not material. The disclosures required by financial reporting standards may not be provided if the information resulting from that disclosure is not material.

Basis of presentation and principles of consolidation

The consolidated financial statements of the group include the financial statements made up to the end of the reporting year of the company and all of its subsidiaries, presented as those of a single economic entity and are prepared using uniform accounting policies for like transactions and other events in similar circumstances. All significant intragroup balances and transactions are eliminated on consolidation. Subsidiaries are consolidated from the date the reporting entity obtains control of the investee. They are de-consolidated from the date that control ceases.

Changes in the group’s ownership interest in a subsidiary that do not result in the loss of control are accounted for within equity as transactions with owners in their capacity as owners. The carrying amounts of the group’s and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. When the group loses control of a subsidiary it derecognises the assets and liabilities and related equity components of the former subsidiary. Any gain or loss is recognised in profit or loss. Any investment retained in the former subsidiary is measured at fair value at the date when control is lost and is subsequently accounted as equity investments financial assets in accordance with the financial reporting standard on financial instruments.

The Company’s separate financial statements have been prepared on the same basis, and as permitted by the Companies Act 1967, the Company’s separate statement of profit or loss and other comprehensive income is not presented.

2. MATERIAL ACCOUNTING POLICY INFORMATION AND OTHER EXPLANATORY INFORMATION

2A. Material accounting policy information

Revenue and income recognition

General – Revenue is recognised at an amount that reflects the consideration to which the entity expects to be entitled in exchange for transferring goods or services to a customer (which excludes estimates of variable consideration that are subject to constraints, such as right of return exists, and modifications), net of any related taxes and excluding any amounts collected on behalf of third parties. An asset (goods or services) is transferred when or as the customer obtains control of that asset. As a practical expedient the effects of any significant financing component is not adjusted if the payment for the good or service will be within one year.

Revenue from sales of goods and services

Sale of goods – Revenue is recognised at a point in time when the performance obligation is satisfied by transferring a promised good to the customer. Control of the goods is transferred to the customer, generally on delivery of the goods (in this respect, incoterms are considered).

Services – Revenue from service orders and term projects is recognised when the entity satisfies the performance obligation at a point in time generally when the significant acts have been completed and when transfer of control occurs. For services that are not material transactions revenue is recognised as the services are provided.

Revenue from sale of development properties

Revenue from sale of development property is recognised when or as the control over the property has been transferred to the customer. Control of the development property may be transferred over time depending on the terms in the contract and the laws that apply to the contract.

For development properties whereby the group is restricted under the agreement of laws from redirecting a sold property to another customer and has an enforceable right to payment for work done, revenue is recognised over time based on the group's efforts or inputs to the satisfaction of the performance obligation, by reference to the stage of completion of construction. The stage of completion of construction is measured by reference to the value of construction completed to-date and certified by external quantity surveyors over the estimated total construction costs. Management has determined that this method is an appropriate measure of the progress towards complete satisfaction of the group's performance obligations.

The group capitalises costs incurred in fulfilling the contract only if these costs relate directly to the contract, generate or enhance resources used in satisfying the contract and are expected to be recovered. Other contract costs are expensed as incurred.

As the group recognises the revenue from sale of a development property, it expenses the related capitalised development costs. An impairment loss is recognised in profit or loss to the extent that the carrying amount of the capitalised development costs exceeds the consideration that the group expects to receive in exchange for the goods or services to which contract costs relates. Estimates of revenues, costs or extent of progress toward completion are revised if circumstance change. Any resulting increases or decreases in the estimated revenues or costs are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by management.

A contract asset is recognised as development properties when the group has performed under the contract but has not yet billed the customer. Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified construction milestones. Contract assets are transferred to receivables when the rights to consideration become unconditional.

A contract liability is recognised under other non-financial liabilities when the group has not yet performed under the contract but has received advanced payments from the customer. Contract liabilities are recognised as revenue as the group performs under the contract.

2. MATERIAL ACCOUNTING POLICY INFORMATION AND OTHER EXPLANATORY INFORMATION

2A. Material accounting policy information

Revenue and income recognition

Other income

Interest income is recognised using the effective interest method.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease unless another systematic basis is representative of the time pattern of the user's benefit, even if the payments are not on that basis.

Dividend income from equity instruments is recognised only when the entity's right to receive payment of the dividend is established; it is probable that the economic benefits associated with the dividend will flow to the entity; and the amount of the dividend can be measured reliably. This is usually ex-dividend date for quoted shares.

Government grants

Government grants are recognised at fair value when there is reasonable assurance that the conditions attaching to them will be complied with and that the grants will be received. Grants in recognition of specific expenses are recognised in profit or loss on a systematic basis over the periods necessary to match them with the related costs that they are intended to compensate.

Employee benefits

Contributions to a defined contribution retirement benefit plan are recorded as an expense as they fall due. The entity's legal or constructive obligation is limited to the amount that it is obligated to contribute for the Singapore employees to an independently administered fund (such as the Central Provident Fund in Singapore, a government managed defined contribution retirement benefit plan). For employee leave entitlement the expected cost of short-term employee benefits in the form of compensated absences is recognised in the case of accumulating compensated absences, when the employees render service that increases their entitlement to future compensated absences; and in the case of non-accumulating compensated absences, when the absences occur. A liability for bonuses is recognised where the entity is contractually obliged or where there is constructive obligation based on past practice.

Pursuant to relevant regulations of the People's Republic of China ("PRC") government, the subsidiaries in the PRC have participated in a local municipal government retirement benefits scheme (the "Scheme"), whereby the subsidiaries in the PRC are required to contribute to a certain percentage to the basic salaries of its employees to the Scheme to fund their retirement benefits. The local municipal government undertakes to assume the retirement benefits obligations of those employees of the group. Contributions to the Scheme are recorded as an expense as they fall due.

Share-based compensation

Benefits to employees are provided in the form of share-based payment transactions, whereby employees render services in exchange for shares or rights over shares ("equity-settled transactions"). The fair value of the employee services rendered is measured by reference to the fair value of the shares awarded or rights granted, excluding the impact of any non-market vesting conditions. These are fair valued based on the market price of the entity's shares. This fair value amount is charged to profit or loss over the vesting period of the share-based payment scheme, with the corresponding increase in equity. The value of the charge is adjusted in profit or loss over the remainder of the vesting period to reflect expected and actual quantities vesting, with the corresponding adjustment made in equity. Cancellations of grants of equity instruments during the vesting period (other than a grant cancelled by forfeiture when the vesting conditions are not satisfied) are accounted for as an acceleration of vesting, therefore any amount unrecognised that would otherwise have been charged is recognised immediately in profit or loss.

2. MATERIAL ACCOUNTING POLICY INFORMATION AND OTHER EXPLANATORY INFORMATION

2A. Material accounting policy information

Foreign currency transactions

The functional currency is the Singapore dollar as it reflects the primary economic environment in which the entity operates. Transactions in foreign currencies are recorded in the functional currency at the rates ruling at the dates of the transactions and if applicable at the fair value measurement dates. At the end of each reporting year, non-functional monetary items are translated using rates ruling at the end of the reporting year; non-monetary items are translated using the exchange rate at the date of the transactions; and non-monetary items that are measured at fair value are translated using the exchange rates at the date when the fair value was measured. All realised and unrealised exchange adjustment gains and losses are dealt with in profit or loss except when a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. The presentation is in the functional currency.

Translation of financial statements of other entities

Each entity determines the appropriate functional currency as it reflects the primary economic environment in which the relevant reporting entity operates. In translating the financial statements of such a reporting entity for incorporation in the combined financial statements in the presentation currency the assets and liabilities denominated in other currencies are translated at end of the reporting year rates of exchange and income and expense items for each statement presenting profit or loss and other comprehensive income are translated at average rates of exchange for the reporting year. The resulting translation adjustments (if any) are recognised in other comprehensive income and accumulated in a separate component of equity until the disposal of that relevant reporting entity.

Income tax

Tax expense (tax income) is the aggregate amount included in the determination of profit or loss for the reporting year in respect of current tax and deferred tax. Current income tax is the expected tax payable on the taxable income for the reporting year; calculated using rates enacted or substantively enacted at the statements of financial position date; and inclusive of any adjustment to income tax payable or recoverable in respect of previous reporting years. Deferred tax is recognised using the liability method; based on temporary differences between the carrying amounts of assets and liabilities in the financial statements and their respective income tax bases; and determined using tax rates that have been enacted or substantively enacted by the reporting year end date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. A deferred tax amount is recognised for all temporary differences, unless the deferred tax amount arises from the initial recognition of an asset or liability in a transaction which (i) is not a business combination; and (ii) at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss). A deferred tax liability or asset is recognised for all taxable temporary differences associated with investments in subsidiaries, branches and associates, and joint arrangements except where the reporting entity is able to control the timing of the reversal of the taxable temporary difference and it is probable that the taxable temporary difference will not reverse in the foreseeable future or for deductible temporary differences, they will not reverse in the foreseeable future and they cannot be utilised against taxable profits.

Property, plant and equipment

Property, plant and equipment are carried at cost on initial recognition and after initial recognition at cost less any accumulated depreciation and any accumulated impairment losses. Depreciation is provided on a straight-line method to allocate the gross carrying amounts of the assets less their residual values over their estimated useful lives of each part of an item of these assets (or, for certain leased assets, the shorter lease term). An asset is depreciated when it is available for use until it is derecognised even if during that period the item is idle. The annual rates of depreciation are as follows:

Building improvement	- 20%
Furniture, fittings and equipment	- 10% to 33%
Freehold factory and office	- 2% to 2.63%
Freehold land	- Not depreciated
Construction in progress	- Not depreciated until the asset is ready for intended use

Property, plant and equipment

Cost also includes acquisition cost, borrowing cost capitalised and any cost directly attributable to bringing the asset or component to the location and condition necessary for it to be capable of operating in the manner intended by management. Subsequent costs are recognised as an asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss when they are incurred.

Intangible assets

An identifiable non-monetary asset without physical substance is recognised as an intangible asset at acquisition cost if it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably. After initial recognition, an intangible asset with finite useful life is carried at cost less any accumulated amortisation and any accumulated impairment losses.

The amortisable amount of an intangible asset with finite useful life is allocated on a systematic basis over the best estimate of its useful life from the point at which the asset is ready for use. The annual rates of depreciation are as follows:

Certification fees	- 33.33%
--------------------	----------

Leases of lessee

A lease conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration. Where a lease arrangement is identified, a liability to the lessor is recognised as a lease obligation calculated at the present value of minimum unavoidable lease payments. A corresponding right-of-use asset is recorded. Lease payments are apportioned between finance costs and reduction of the lease liability so as to reflect the interest on the remaining balance of the liability. Finance charges are recorded as a finance cost. Leases with a term of 12 months or less and leases for low value are not recorded as a liability and lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term.

Leases of lessor

For a lessor a lease is classified as either an operating lease or a finance lease. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset. Operating leases are for rental income. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset and it is presented in its statement of financial position as a receivable at an amount equal to the net investment in the lease. For a finance lease the finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

2. MATERIAL ACCOUNTING POLICY INFORMATION AND OTHER EXPLANATORY INFORMATION

2A. Material accounting policy information

Subsidiaries

A subsidiary is an entity including unincorporated and special purpose entity that is controlled by the reporting entity and the reporting entity is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The existence and effect of substantive potential voting rights that the reporting entity has the practical ability to exercise (that is, substantive rights) are considered when assessing whether the reporting entity controls another entity. In the reporting entity's separate financial statements, an investment in a subsidiary is accounted for at cost less any allowance for impairment in value. Impairment loss recognised in profit or loss for a subsidiary is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying value and the net book value of the investment in a subsidiary are not necessarily indicative of the amount that would be realised in a current market exchange.

Inventories

Inventories are stated at the lower of cost and selling price less costs to complete and sell. Cost is calculated using the weighted average method and first in first out method. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of overheads based on normal operating capacity.

Carrying amounts and assessment of impairment loss allowance on non-financial assets

The carrying amounts of the non-current non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised in the statement of profit or loss whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

Financial instruments

Recognition and derecognition of financial instruments:

A financial asset or a financial liability is recognised when, and only when, the entity becomes party to the contractual provisions of the instrument. All other financial instruments (including regular-way purchases and sales of financial assets) are recognised and derecognised, as applicable, using trade date accounting or settlement date accounting. A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the entity neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. A financial liability is removed from the statement of financial position when, and only when, it is extinguished, that is, when the obligation specified in the contract is discharged or cancelled or expires.

At initial recognition the financial asset or financial liability is measured at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

2. MATERIAL ACCOUNTING POLICY INFORMATION AND OTHER EXPLANATORY INFORMATION

2A. Material accounting policy information

Financial instruments

Classification of financial assets and financial liabilities and subsequent measurement:

The financial reporting standard on financial instruments requires the certain classification of financial assets and financial liabilities. At the end of the reporting year, the reporting entity had the following classes:

- Financial asset classified as measured at amortised cost: A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss ("FVTPL"), that is, (a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Typically trade and other receivables, bank and cash balances are in this class.
- Financial asset that is an equity investment measured at fair value through other comprehensive income ("FVTOCI"): On initial recognition of an equity investment that is not held for trading, an irrevocable election may be made to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis. Fair value changes are recognised in OCI but dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. The gain or loss that is presented in OCI includes any related foreign exchange component arising on non-monetary investments (eg, equity instruments). On disposal, the cumulative fair value changes are not recycled to profit or loss but remain in reserves within equity. The weighted average or specific identification method is used when determining the cost basis of equities being disposed of.
- Financial asset classified as measured at FVTPL: All other financial assets are classified as measured at FVTPL. In addition, on initial recognition, management may irrevocably designate a financial asset as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.
- Financial liabilities are classified as at FVTPL in either of the following circumstances: (1) the liabilities are managed, evaluated and reported internally on a fair value basis; or (2) the designation eliminates or significantly reduces an accounting mismatch that would otherwise arise. All other financial liabilities are carried at amortised cost using the effective interest method. Reclassification of any financial liability is not permitted.

Cash and cash equivalents

For the statement of cash flows, cash and cash equivalents includes cash and cash equivalents less cash subject to restriction that form an integral part of cash management. Cash equivalents are short-term (three months or less), highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, and items of income or expense associated with investing or financing cash flows.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION AND OTHER EXPLANATORY INFORMATION

2A. Material accounting policy information

Fair value measurement

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, market observable data to the extent possible is used. If the fair value of an asset or a liability is not directly observable, an estimate is made using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs (eg by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset or liability that market participants would take into account. The entity's intention to hold an asset or to settle or otherwise fulfil a liability is not taken into account as relevant when measuring fair value.

Fair values are categorised into different levels in a fair value hierarchy based on the degree to which the inputs to the measurement are observable and the significance of the inputs to the fair value measurement in its entirety: Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (ie as prices) or indirectly (ie derived from prices). Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs). Transfers between levels of the fair value hierarchy are recognised at the end of the reporting period during which the change occurred.

The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value. The fair values of non-current financial instruments may not be disclosed separately unless there are material differences at the end of the reporting year and in the event the fair values are disclosed in the relevant notes to the financial statements. The recurring measurements are made at each reporting year end date.

In making the fair value measurement for a non-financial asset, management determines the highest and best use of the asset and whether the asset is used in combination with other assets or on a stand-alone basis.

2B. Other explanatory information

Treasury shares

Where the entity reacquires its own equity instruments as treasury shares, the consideration paid, including any directly attributable incremental cost is deducted from equity attributable to the entity's owners until the shares are cancelled, reissued or disposed of. Where such shares are subsequently sold or reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the entity's owners and no gain or loss is recognised in profit or loss.

2C. Judgements and sources of estimation uncertainties

Disclosures on material information about the assumptions management made about the future, and other major sources of estimation uncertainty at the end of the reporting year, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next reporting year are discussed in the corresponding Notes to these financial statements. These estimates and assumptions are periodically monitored to ensure they incorporate all relevant information available at the date when financial statements are prepared. However, this does not prevent actual figures differing from estimates.

- 1) Revenue recognition on sale of development properties. See Note 5
- 2) Assessing loss allowance on inventories. See Note 18
- 3) Valuation of development properties for sales. See Note 19

NOTES TO THE FINANCIAL STATEMENTS

3. RELATED PARTY RELATIONSHIPS AND TRANSACTIONS

The financial reporting standard on related party disclosures requires the reporting entity to disclose: (a) related party relationships, transactions and outstanding balances, including commitments, and (b) relationships between parents and subsidiaries irrespective of whether there have been transactions between those related parties. A party is related to a party if the party controls, or is controlled by, or can significantly influence or is significantly influenced by the other party.

The ultimate controlling party is Dr Chen Mun, a director and controlling shareholder of the company.

3A. Key management compensation

4. FINANCIAL INFORMATION BY OPERATING SEGMENTS

The reporting entity discloses financial and descriptive information about its consolidated reportable segments. Reportable segments are operating segments or aggregations of operating segments that meet specified criteria. Operating segments are components about which separate financial information is available that is evaluated regularly by the chief operating decision maker to allocate resources and in assessing performance. Generally, financial information on segments is reported on the same basis as is used internally for evaluating operating segment performance and deciding how to allocate resources to operating segments. Disclosure of information about operating segments, products and services, the geographical areas, and the major customers are made as required by the financial reporting standard on operating segments. This disclosure standard has no impact on the reported financial performance or financial position of the reporting entity.

4A. Information about reportable segment profit or loss, assets and liabilities

For management purposes the reporting entity is organised into three major strategic operating segments: (1) wireless connectivity products, (2) property and (3) corporate holding and others. Such a structural organisation is determined by the nature of risks and returns associated with each business segment and it defines the management structure as well as the internal reporting system. It represents the basis on which the management reports the primary segment information that is available and that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing the performance. They are managed separately because each business requires different strategies.

The segments and the types of products and services are as follows:

- Wireless connectivity products segment comprises manufacturing, sales, marketing and distribution of wireless connectivity products.
- Property segment comprises development properties and managing the investment properties.
- Corporate holding and others is involved in group-level corporate services.

Inter-segment sales are measured on the basis that the entity actually used to price the transfers. Internal transfer pricing policies of the reporting entity are as far as practicable based on market prices. The accounting policies of the operating segments are the same as those used by the reporting entity. The management reporting system evaluates performance based on a number of factors. However the primary profitability measurement to evaluate segment's operating results is the gross profit.

The customers from sale of goods are retailers and wholesalers. A large portion of the goods is exported. A large portion of service and sundry income is for customers overseas.

The revenue from sale of development properties is recognised over time. The customers are purchasers of the development property units. Also see Note 4.

Revenue recognition on sale of development properties

For revenue recognition arising from contracts with customers and the consequential financial performance of the reporting entity, there are significant judgements exercised and assumptions made by management relating to the measurement and timing of revenue recognition and the recognition of related balances in the statement of financial position, such as contract assets, capitalisation of costs to obtain a contract, trade receivables, and contract liabilities, that result from the performance of the contracts. These judgements are inherently subjective and may cover future events such as the achievement of contractual milestones and performance levels.

12. EARNINGS PER SHARE

The following table illustrates the numerators and denominators used to calculate basic and diluted amount per share of no par value:

	Group	
	2026 \$'000	2025 \$'000
Numerators: earnings attributable to equity:		
A. Continuing operations: attributable to equity holders	12,322	3,247
B. Total basic earnings	12,322	3,247
C. Diluted earnings	12,322	3,247
	'000	'000
Denominators: weighted average number of equity shares		
D. Basic	35,045	34,953
E. Diluted	35,045	34,953

The weighted average number of ordinary shares refers to shares in issue outstanding during the reporting year.

The ordinary share equivalents included in these calculations are: (1) the average number of ordinary shares assumed to be outstanding during the reporting year and (2) shares of ordinary share issuable upon assumed exercise of share options which (if any) would have a dilutive effect. The basic amount per share ratio is based on the weighted average number of ordinary shares outstanding during each reporting year. It is after the neutralisation by the treasury shares.

In respect of the current reporting year, the directors have proposed that a final ordinary dividend of 4 cents and final special dividend of 15 cents per ordinary share with a total of \$6,665,800 be paid to shareholders after the annual general meeting to be held in future. There are no income tax consequences on the company. This dividend is subject to approval by shareholders at the next annual general meeting and has not been included as a liability in these financial statements. The proposed dividend is payable in respect of all ordinary shares in issue at the end of the reporting year and including any new qualifying shares issued up to the date the dividend becomes payable.

Assessing loss allowance on inventories

The assessment of the allowance for impairment loss on inventories requires a degree of estimation and judgement. The level of the loss allowance is assessed by taking into account the recent sales experience, the ageing of inventories, other factors that affect inventory obsolescence and subsequent events. Possible changes in these estimates could result in revisions to the stated value of the inventories. The carrying amounts of inventories at the end of the reporting year is disclosed in above on inventories.

At end of the year	(1,387)	(6,594)

The contract liabilities are for amounts received from customers who have entered in contractual agreements with the company to purchase units in the development properties.

The aggregate amount of development expenditure contracted for development properties as at 31 March 2026 is \$20,764,000 (2025: \$23,958,000). This will be future expenditure but not recognised in the consolidated financial statements.

For the purposes of computing the gains or profits arising from the subsequent sale or disposal of such development properties, the open market value of the non-trade or capital asset as at the date of conversion is treated as the cost of the trading stock.

Valuation of development properties for sales

The assessment of the allowance for impairment loss on development properties held for sale requires a degree of estimation and judgement. The level of the loss allowance is assessed by taking into account the recent sales experience and other factors that affect the net realisable value such as the expected selling price of the unsold development properties based on recent transactions or open market-based measurements of the unsold units. Possible changes in these estimates could result in revisions to the stated value of these inventories.

(a) The company's other receivables includes \$2,500,000 (2025: \$2,500,000) loan to a subsidiary and has no fixed terms of repayment. The loan is interest-free.

The expected credit losses ("ECL") on the trade receivables are based on the simplified approach to measuring ECL which uses a lifetime ECL allowance approach for all trade receivables recognised from initial recognition of these assets. These assets are grouped based on shared credit risk characteristics and the days past due for measuring the ECL.

The reporting entity also has a few customers with material balances and which can be credit risk graded individually and these are recorded at inception net of any expected lifetime ECL. For these material balances judgement is required for the assessment of the credit risk graded individually. For these material balances, at the end of the reporting year a loss allowance is recognised if there has been a material increase in credit risk since initial recognition. For any material increase or decrease in credit risk an adjustment is made to the loss allowance for the material balances. For the smaller balances the assets are grouped based on shared credit risk characteristics and the days past due for measuring the ECL including the impact of the current economic conditions. The allowance model is based on the historical observed default rates over a period of 36 months over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

As part of the process of setting customer credit limits, different credit terms are used. The average credit period generally granted to trade customers is from 30-90 days (2025: 30-90 days). However, some customers take a longer period to settle the amounts.

The ageing of the trade receivable balance is as follows:

	Group		Company	
	2026 \$'000	2025 \$'000	2026 \$'000	2025 \$'000

NOTES TO THE FINANCIAL STATEMENTS

20. TRADE AND OTHER RECEIVABLES

As at the end of reporting year there were no amounts that were impaired.

There are no collateral held as security and other credit enhancements for the trade receivables.

Concentration of trade receivables customers as at the end of reporting year:

	Group		Company	
	2026 \$'000	2025 \$'000	2026 \$'000	2025 \$'000
Movements in above allowance:				
Top 1 customer	2,006	387	2,006	–
Top 2 customers	2,928	705	2,928	–
Top 3 customers	3,256	810	3,256	–

Other receivables are normally with no fixed terms and therefore there is no fixed maturity date.

The other receivables shown above are subject to the expected credit loss (“ECL”) allowance assessment under the financial reporting standard on financial instruments. For these material balances judgement is required for the assessment of the credit risk graded individually. At inception they are recorded net of any expected 12 month expected credit losses. At the end of the reporting year a loss allowance is recognised if there has been a material increase in credit risk since initial recognition. For any material increase or decrease in credit risk an adjustment is made to the loss allowance for the material balances. The credit risk grade assessed is based on predictive nature of the risk of loss (such as the use of internal and external ratings, management accounts and available published information about customers about debtors that is available without undue cost or effort) and applying experienced credit judgement.

24. SHARE CAPITAL

Capital management

The objectives when managing capital are to safeguard the reporting entity's ability to continue as a going concern, so that it can continue to provide returns for owners and benefits for other stakeholders, and to provide an adequate return to owners by pricing the sales commensurately with the level of risk. The management sets the amount of capital to meet its requirements and the risk taken. There were no changes in the approach to capital management during the reporting year. The management manages the capital structure and makes adjustments to it where necessary or possible in the light of changes in conditions and the risk characteristics of the underlying assets.

In order to maintain its listing on the Singapore Exchange it has to have share capital with a free float of at least 10% of the shares. The company met the capital requirement on its initial listing and the rules limiting treasury share purchases mean it will continue to satisfy that requirement, as it did throughout the reporting year. Management receives a report from the share registrars frequently on substantial share interests showing the non-free float to ensure continuing compliance with the 10% limit throughout the reporting year.

The management does not set a target level of gearing but uses capital opportunistically to support its business and to add value for shareholders. The key discipline adopted is to widen the margin between the return on capital employed and the cost of that capital.

There are no external borrowings. The debt-to-adjusted capital ratio does not provide a meaningful indicator of the risk of borrowings.

25. SHARE-BASED PAYMENTS

Under the Powermatic Data Systems Executives' Share Award Scheme 2023 (the "2023 Scheme"), eligible participants may be awarded ordinary shares of the company. The eligibility of participants, number of shares awarded to each participant, and vesting conditions are determined at the discretion of the Remuneration Committee, taking into consideration the participant's performance, scope of responsibilities, years of service and other relevant factors, as well as any prescribed performance conditions under the 2023 Scheme.

On 17 July 2025, the company granted share awards to eligible employees of the group pursuant to the 2023 Scheme through the allotment and issuance of 130,000 ordinary shares from treasury shares of the company. The shares were granted at a fair value of \$2.69 per share and were immediately vested upon grant.

<u>Financial liabilities:</u>				
Financial liabilities at amortised cost	5,310	2,991	3,554	725

Further quantitative disclosures are included throughout these financial statements.

30B. Financial risk management

The main purpose for holding or issuing financial instruments is to raise and manage the finances for the entity's operating, investing and financing activities. There are exposures to the financial risks on the financial instruments such as credit risk, liquidity risk and market risk comprising interest rate, currency risk and price risk exposures. Management has certain procedures for the management of financial risks. The guidelines set up the short and long-term objectives and action to be taken in order to manage the financial risks. The guidelines include are followed: All financial risk management activities are carried out and monitored by senior management staff. All financial risk management activities are carried out following acceptable market practices including such activities to minimise interest rate, currency, credit and market risks for most kinds of transactions; to maximise the use of "natural hedge" favouring as much as possible the natural off-setting of sales; and when appropriate consideration is given to entering into derivatives or any other similar instruments for hedging purposes. There have been no changes to the exposures to risk; the objectives, policies and processes for managing the risk and the methods used to measure the risk.

NOTES TO THE FINANCIAL STATEMENTS

30. FINANCIAL INSTRUMENTS: INFORMATION ON FINANCIAL RISKS AND OTHER EXPLANATORY INFORMATION

30C. Fair values of financial instruments

The analyses of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 are disclosed in the relevant notes to the financial statements. These include the material financial instruments stated at amortised cost and at fair value in the statement of financial position. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments. The disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value.

30D. Credit risk on financial assets

Financial assets subject to concentrations of credit risk and failures by counterparties to discharge their obligations in full or in a timely manner arise principally from cash balances with banks, receivables and other financial assets. The general approach in the financial reporting standard on financial instruments is applied to measure expected credit losses ("ECL") allowance on financial assets measured at amortised cost. On initial recognition, a loss allowance is recorded equal to the 12 month ECL unless the assets are considered credit impaired. The ECL allowance for debt assets is recognised at an amount equal to the lifetime ECL if the credit risk on that financial instrument has increased significantly since initial recognition. However, for trade receivables that do not contain a material financing component or when the reporting entity applies the practical expedient of not adjusting the effect of a material financing component, the simplified approach in calculating ECL is applied. Under the simplified approach, the loss allowance is recognised at an amount equal to lifetime ECL at each reporting date using historical loss rates for the respective risk categories and incorporating forward-looking estimates. Lifetime ECL may be estimated individually or collectively. For the credit risk on the financial assets an ongoing credit evaluation is performed on the financial condition of the debtors and any loss is recognised in profit or loss. Reviews and assessments of credit exposures in excess of designated limits are made. Renewals and reviews of credits limits are subject to the same review process.

Note 23 discloses the cash balances. There was no identified impairment loss.

30E. Liquidity risk – financial liabilities maturity analysis

Liquidity risk refers to the difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. It is expected that all the liabilities will be settled at their contractual maturity.

The following table analyses the non-derivative financial liabilities by remaining contractual maturity (contractual undiscounted cash flows):

	Group		Company	
	Less than 1 year		Less than 1 year	
	2026	2025	2026	2025
	\$'000	\$'000	\$'000	\$'000
Non-derivative financial liabilities:				
Trade and other payables	5,310	2,991	3,554	725

The above amounts disclosed in the maturity analysis are the contractual undiscounted cash flows and such undiscounted cash flows differ from the amount included in the statement of financial position. When the counterparty has a choice of when an amount is paid, the liability is included on the basis of the earliest date on which it can be required to pay.

The average credit period taken to settle trade payables is about 90 days (2025: 90 days). The other payables are with short-term durations. The classification of the financial assets is shown in the statement of financial position as they may be available to meet liquidity needs and no further analysis is deemed necessary.

30. FINANCIAL INSTRUMENTS: INFORMATION ON FINANCIAL RISKS AND OTHER EXPLANATORY INFORMATION

30F. Interest rate risk

Interest rate risk arises on interest-bearing financial instruments. Fixed-rate financial liabilities are not affected by changes in interest rates. For the financial instruments with interest rates, the material interest rates are disclosed in the respective notes.

The following table analyses the breakdown of the material financial instruments by type of interest rate:

	Group		Company

30G. Foreign currency risks

Foreign exchange risk arises on financial instruments that are denominated in a currency that is a currency other than the functional currency in which they are measured. Currency risk does not arise from financial instruments that are non-monetary items or from financial instruments denominated in the functional currency as defined in the financial reporting standard on financial instruments.

Sensitivity analysis:

	Group		Company	
	2026	2025	2026	2025
	\$'000	\$'000	\$'000	\$'000
A hypothetical 10% strengthening in the exchange rate of the functional currency \$ against all non-functional currencies with all other variables held constant would have an adverse effect on pre-tax profit of the following amounts:				
Against Thai baht	(25)	(23)	(25)	(23)
Against Chinese renminbi	(37)	(243)	–	–
Against United States dollar	(663)	(954)	(15)	(45)

The above table shows sensitivity to the hypothetical percentage variations in the functional currency against the relevant non-functional foreign currencies. The sensitivity rate used is the reasonably possible change in foreign exchange rates. For similar rate weakening of the functional currency against the relevant foreign currencies above, there would be comparable impacts in the opposite direction.

In management's opinion, the above sensitivity analysis is unrepresentative of the foreign currency risks as the historical exposure does not reflect the exposure in future.

The hypothetical changes in exchange rates are not based on observable market data (unobservable inputs). The sensitivity analysis is disclosed for each non-functional currency to which the entity has material exposure at end of the reporting year. The analysis above has been carried out on the basis that there are no hedged transactions.

30H. Equity price risk

There are investments in equity shares or similar instruments. Such investments are exposed to both currency risk and market price risk arising from uncertainties about future values of the equity shares. The fair values of these equity shares are disclosed in Notes 17 and 21.

31. CHANGES AND ADOPTION OF FINANCIAL REPORTING STANDARDS

For the current reporting year, the ASC issued certain new or revised financial reporting standards. None had a material impact on the financial statements of the reporting entity.

32. NEW OR AMENDED STANDARDS IN ISSUE BUT NOT YET EFFECTIVE

The ASC issued certain new or revised financial reporting standards for the future reporting years. Adoption of the applicable new or revised standards are expected to have some material impact on the financial statements of the reporting entity based on its current operations. Those applicable to the reporting entity for future reporting years are listed below.

SFRS(I) No.	Title	Effective date for periods beginning on or after
SFRS(I) 18	Presentation and Disclosures in Financial Statements	1 January 2027

SFRS(I) 18 Presentation and Disclosure in Financial Statements replaces SFRS(I) 1-1. The new version includes (a) revised presentation of specified categories and defined subtotals in the statement of profit or loss; (b) new disclosures on management-defined performance measures in the notes to the financial statements; and (c) improved disclosures of aggregation and disaggregation of balances. It also requires the disclosure, for the comparative period immediately preceding the period in which this standard is first applied, a reconciliation for each line item in the statement of profit or loss between (a) the restated amounts and (b) the amounts previously presented applying the replaced version.

NOTICE OF THIRTY-SEVENTH ANNUAL GENERAL MEETING

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

10. Authority to allot and issue shares

That pursuant to Section 161 of the Companies Act 1967 ("the **Companies Act**") and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), the Directors of the Company be authorised and empowered to:

- (a) (i) issue shares in the Company ("**shares**") whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force,

provided that:

- (1) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed fifty per centum (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company shall not exceed twenty per centum (20%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the Singapore Exchange Securities Trading Limited) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the total number of issued shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued shares in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (a) new shares arising from the conversion or exercise of any convertible securities;
 - (b) new shares arising from exercising share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8; and
 - (c) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the Singapore Exchange Securities Trading Limited for the time being in force (unless such compliance has been waived by the Singapore Exchange Securities Trading Limited) and the Constitution of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.

(See Explanatory Note (ii))

(Resolution 9)

NOTICE OF THIRTY-SEVENTH ANNUAL GENERAL MEETING

11. Authority to allot and issue shares under the Powermatic Data Systems Executives' Share Award Scheme 2023

That authority be and is hereby given to the Directors of the Company, to grant Awards in accordance with the Powermatic Data Systems Executives' Share Award Scheme 2023 and pursuant to Section 161 of the Companies Act, to allot and issue or deliver from time to time such number of new Shares required pursuant to the vesting of the Awards under the Powermatic Data Systems Executives' Share Award Scheme 2023 provided that the aggregate number of New Shares available under the Powermatic Data Systems Executives' Share Award Scheme 2023, when added to all Shares, options or awards granted under any other share option scheme, share award scheme, or share incentive scheme adopted by the Company, including but not limited to the Powermatic Data Systems Executives' Share Award Scheme 2023, shall not exceed 15% of the total issued capital (excluding treasury shares and subsidiary holdings) of the Company on the day preceding the Date of Grant.

(Resolution 10)

By Order of the Board

Wong Yoen Har
Company Secretary
Singapore, 8 July 2026

Explanatory Notes:

- (i) The Ordinary Resolution 3 relating to the proposed final special dividend of 15 cents comprises 10 cents arising from the property redevelopment and 5 cents from prior years' profits.
- (ii) The Ordinary Resolution 9, if passed, will empower the Directors of the Company, effective until the conclusion of the next Annual General Meeting of the Company, or the date by which the next Annual General Meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant Instruments convertible into shares and to issue shares pursuant to such Instruments, up to a number not exceeding, in total, 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to 20% may be issued other than on a pro-rata basis to shareholders.

For determining the aggregate number of shares that may be issued, the total number of issued shares (excluding treasury shares and subsidiary holdings) will be calculated based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards and any subsequent bonus issue, consolidation or subdivision of shares.

Notes:

- 1. Members of the Company are invited to **attend physically** at the Annual General Meeting (the "**Meeting**"). **There will be no option for members to participate virtually.** The Annual Report 2026, Notice of Thirty-Seventh Annual General Meeting, Proxy Form and Request Form (to request hardcopy of the Annual Report 2026) will be made available to members by electronics means via publication on the Company's corporate website at the URL <https://powermatic.com.sg/> and are also made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
- 2. Printed copies of the Notice of Thirty-Seventh Annual General Meeting, the Proxy Form and the Request Form (to request hardcopy of the Annual Report 2026) will be sent to members via post. Members who wish to obtain a printed copy of the Annual Report 2026 should complete the Request Form and return it by post to the registered office address of the Company at 178 Paya Lebar Road, #05-05, Singapore 409030 or via email to agm2026@powermatic.com.sg **no later than 3.00 p.m. on 17 July 2026.**
- 3. Members (including Central Provident Fund Investment Scheme investors ("**CPF Investors**") and/or Supplementary Retirement Scheme investors ("**SRS Investors**")) may participate in the Meeting by:
 - (a) attending the Meeting in person;
 - (b) raising questions at the Meeting or submitting questions in advance of the Meeting; and/or
 - (c) voting at the Meeting:
 - (i) themselves personally; or
 - (ii) through their duly appointed proxy(ies).

A member who is not a relevant intermediary, is entitled to appoint one or two proxies to attend, speak and vote at the Meeting. Where such member appoints two (2) proxies, the proportion of his shareholding to be represented by each proxy shall be specified. If no proportion is specified, the Company shall be entitled to treat the first named proxy as representing the entire number of shares entered against his name in the Depository Register and any second named proxy as an alternate to the first named. A proxy need not be a member of the Company.

Persons who hold shares of the Company through relevant intermediaries (as defined in Section 181 of the Companies Act), including CPF or SRS investors should approach their respective relevant intermediary or CPF Agent Banks or SRS Operators to submit their votes at least seven (7) working days before the Meeting, **by 5.00 p.m. on 13 July 2026.**

A member who is a relevant intermediary, is entitled to appoint more than two proxies to attend, speak and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different Share or shares held by such member. Where such member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

NOTICE OF THIRTY-SEVENTH ANNUAL GENERAL MEETING

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act:

- (a) a banking corporation licensed under the Banking Act 1970, or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
 - (b) a person holding a capital market services licence to provide custodial services for securities under the Securities and Futures Act 2001 and who holds shares in that capacity; or
 - (c) the Central Provident Fund Board established by the Central Provident Fund Act 1953, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with the subsidiary legislation.
4. Duly completed and signed instrument appointing the proxy or proxies must either be submitted to the Company in the following manner:
- (a) if submitted by post, be lodged with the Company's registered office at 178 Paya Lebar Road, #05-05, Singapore 409030; or
 - (b) if submitted electronically, be submitted via email to agm2026@powermatic.com.sg.

in either case, by 3.00 p.m. on 20 July 2026 (being not less than seventy-two (72) hours before the time appointed for the Meeting.

A member who wishes to submit an instrument of proxy must first complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

Members are strongly encouraged to submit completed proxy forms electronically via email to agm2026@powermatic.com.sg.

5. Members may submit questions related to the resolutions to be tabled for approval at the Meeting in advance of the Meeting:
- (a) by post to the registered office address of the Company at 178 Paya Lebar Road, #05-05, Singapore 409030; or
 - (b) by email to agm2026@powermatic.com.sg.

All questions for the Meeting must be submitted **by 3.00 p.m. on 16 July 2026**.

The Board of Directors of the Company will endeavour to address all substantial and relevant questions received from shareholders prior to the Meeting by publishing the responses to those questions on SGXNet and the Company's Corporate website at the URL: <https://powermatic.com.sg/> and are also made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>, at least forty-eight (48) hours prior to the closing date and time for the lodgement of the proxy forms by 18 July 2026.

The Company shall only address relevant and substantial questions (as may be determined by the Company in its sole discretion) received. The Company will publish the minutes of the Meeting via SGXNet on SGX website and the Company's website within one (1) month from the date of the Meeting.

Personal data privacy:

By submitting an instrument appointing proxy or proxies to attend, speak and vote at the Meeting and/or any adjournment thereof, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of the appointment of proxy or proxies for the Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Meeting (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines.

Photographic, sound and/or video recordings of the Meeting may be made by the Company for record keeping and to ensure the accuracy of the minutes prepared for the Meeting. Accordingly, the personal data of a member of the Company (such as his name, his presence at the Meeting and any questions he may raise or motions he propose/ second) may be recorded by the Company for such purpose.

Singapore Exchange Limited (the “SGX-ST”)

On 23 July 2008, the SGX-ST had written to Omega Capital Limited (the “Omega Capital”) requiring Omega Capital to appoint an independent professional firm to conduct a review and recommend improvements to its internal processes, raise its due diligence standards and build up its expertise and resources. Following a review of Omega Capital, SGX-ST had concluded that Omega Capital had not fully met the standards expected of an issue manager and financial adviser. Mr David Tan Chao Hsiung (“Mr Tan”) was the chief executive officer and substantial shareholder of Omega Capital.

Omega Capital duly complied with SGX-ST directive in appointing an independent professional firm and implemented the recommendations made by the professional firm.

Neither Mr Tan nor any representative of Omega Capital was called for any interview or to provide any statement to any regulatory authority in respect of the matters regarding Omega Capital.

Monetary Authority of Singapore (the “MAS”)

CMS Licence renewal: Omega Capital’s Capital Markets Service licence (the “CMS Licence”), which was issued by the MAS, was due for renewal in March 2009.

Omega Capital, on its own accord, did not seek a renewal of its CMS Licence.

Supervisory warnings:

1. On 21 August 2009, Omega Capital was given a written warning by the MAS for contravention of Section 96(1) of the Securities Future Act (“SFA”). This was related to the appointment of a director onto the board of directors of Omega Capital without prior approval of the MAS. No penalty was imposed against Omega Capital or its directors.
2. On 21 August 2009, Mr Tan was given a warning by the MAS for not promptly informing them on the disposal of his interest in a private company and the resignation of his directorship in that company. No penalty was imposed on Mr Tan.
3. On 12 February 2007, one of Omega Capital’s directors was given a supervisory warning for contravention of Section 84(1)(b) of the SFA as Omega Capital has submitted its licence renewal application less than one month before the expiry. No penalty was imposed on the director concerned or Omega Capital or its directors.
4. On 8 November 2004, Omega Capital was given a written warning for non-compliance with Regulation 5 of the Securities & Futures (Licensing & Conduct of Business) Regulations on its failure to notify the MAS on changes to a representative’s particulars. This was related to Mr Tan’s resignation as an independent director in a listed company. No penalty was imposed against Omega Capital or Mr Tan.
5. On 18 October 2004, Omega Capital was given a written warning on the non-compliance with licence condition and the Securities and Futures (Financial & Margin Requirements for Holders of Capital Markets Services Licences) Regulations 2002 on the following issues:
 - (i) Failure to promptly notify MAS of effective date of the change to shareholdings of one of the directors even if the change does not require prior approval from the MAS;
 - (ii) Failure to comply with regulation 27 of the SFA – late lodgement of statement of assets and liabilities in Form 1 and statement of financial resources and total risk requirement in Form 5; and
 - (iii) Failure to promptly notify MAS of the resignation of one of the directors. No penalty was imposed against Omega Capital or its directors.

ON DIRECTORS SEEKING FOR RE-ELECTION AT THE FORTHCOMING THIRTY-SEVENTH ANNUAL GENERAL MEETING

Abstract from Mun Siong Engineering Limited announcement dated 6 April 2021

“Mun Siong Engineering Limited (the “Company”) would like to announce that the Ministry of Manpower (the “MOM”), letter dated 5 April 2021, has debarred the Company from applying for new work passes until 29 December 2021. Besides the debarring, the MOM letter dated 18 March 2021, has also made an Administrative Financial Penalty against the Company of \$15,000.

The MOM has found that the Company had breached Section 25(3) of the Employment of Foreign Manpower Act (Chapter 91A). One of its former employees made an inherent oversight in its submission to the MOM for the transferred of 6 work pass workers from their original employer. The said former employee relied on verbal representations, instead of seeking documentary proof, from each of the 6 said work pass workers. An investigation from MOM was conducted on 17 December 2020 with our Human Resource manager. On 18 March 2021, the Company received a letter from MOM informing the Company about the breach and imposed an Administrative Financial Penalty of \$15,000 in which the Company had paid for it.

In response to the MOM letter dated 18 March 2021, the Company through its letter dated 25 March 2021, based on its own investigations, has disclosed that the said former employee exercised discretion on this matter without consulting management or immediate superior. Nevertheless, the management has acknowledged that it is an oversight on the Company’s part.”

Abstract from Mun Siong Engineering Limited announcement dated 22 April 2021

“The Company wishes to announce that on 13 April 2021, it has received a response from the Ministry of Manpower (“MOM”) with respect to its appeal on the debarment. MOM, after reviewing the appeal, have reduced the debarred period from 12 months to 6 months, without any conditions imposed. The debarment will be lifted on 30 June 2021 after which the Company will be permitted to submit applications for the employment of new foreign workers, subject to the existing work pass criteria. The Company will be working with its internal auditors to review the work processes in the Human Resource department. The internal auditors will be tasked to make recommendations, where appropriate, to the Board of Directors. The Company is carrying out this review on its own accord.”

None of the directors of Mun Siong Engineering Limited was fined or received a letter of warning.

2. A member who is not a relevant intermediary is entitled to attend, speak and vote at the Meeting is entitled to appoint one or two proxies to attend, speak and vote in his/her stead. A proxy need not be a member of the Company. Where a member appoints two proxies, he/she shall specify the proportion of his/her shareholding to be represented by each proxy. If no such proportion or number is specified, the first named proxy may be treated as representing 100% of the shareholding and any second named proxy as an alternate to the first named.
3. A member who is a relevant intermediary (as defined in Section 181 of the Companies Act 1967) is entitled to appoint more than two proxies to attend, speak and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member.

"Relevant intermediary" means:

- (a) a banking corporation licensed under the Banking Act 1970 or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act 2001 and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act 1953, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

Persons who hold shares of the Company through relevant intermediaries, including CPF or SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes at least seven (7) working days before the Meeting, **by 5.00 p.m. on 13 July 2026**.

4. The instrument appointing proxy or proxies must be submitted to the Company in the following manner:
 - (a) if submitted by post, be lodged with the Company's registered office at 178 Paya Lebar Road, #05-05, Singapore 409030; or
 - (b) if submitted electronically, be submitted via email to agm2026@powermatic.com.sg.

in either case, by 3.00 p.m. on 20 July 2026 (being not less than seventy-two (72) hours before the time appointed for the Meeting).

5. A member who wishes to submit an instrument of proxy must first complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above. The proxy form is available for download at the SGXNet and the Company's website at the URL <https://powermatic.com.sg/> or the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.

Members are strongly encouraged to submit completed proxy forms electronically via email.

6. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal (or such other methods as provided for in Section 41B of the Companies Act 1967) or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Meeting, in accordance with Section 179 of the Companies Act 1967.

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy or proxies and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Thirty-Seventh Annual General Meeting dated 8 July 2026.

GENERAL:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
